

GE2321 COMMUNICATION SKILLS LABORATORY L T P C
(Fifth / Sixth Semester) 0 0 4 2

Globalisation has brought in numerous opportunities for the teeming millions, with more focus on the students' overall capability apart from academic competence. Many students, particularly those from non-English medium schools, find that they are not preferred due to their inadequacy of communication skills and soft skills, despite possessing sound knowledge in their subject area along with technical capability. Keeping in view their pre-employment needs and career requirements, this course on Communication Skills Laboratory will prepare students to adapt themselves with ease to the industry environment, thus rendering them as prospective assets to industries. The course will equip the students with the necessary communication skills that would go a long way in helping them in their profession.

OBJECTIVES

- To equip students of engineering and technology with effective speaking and listening skills in English.
- To help them develop their soft skills and interpersonal skills, which will make the transition from college to workplace smoother and help them excel in their job.
- To enhance the performance of students at Placement Interviews, Group Discussions and other recruitment exercises.

Ge2321 Communication Skills Lab Manual:

Advanced Communication Skills Laboratory Manual: Sudha Rani, 1900 Advanced Communication Skills Laboratory Manual is the sequel to the acclaimed A Manual for English Language Laboratories and addresses the specific needs of students and teachers in technical and other professional courses. It focuses on reading and writing skills and integrates these with speaking, listening and other intra and inter personal skills. Besides imparting communication and soft skills, the three tier evaluation exercises self evaluation, peer group evaluation and teacher evaluation will identify the students' communication skills and help in developing skill sets. **Advanced Communication Skills Laboratory Manual** D. The first part is designed to be an activity based skill oriented laboratory record cum manual and focuses on reading and writing skills and integrates these with speaking, listening and other intra and inter personal skills. Apart from imparting communication and soft skills, the three tier evaluation exercises self evaluation, peer group evaluation and teacher evaluation will identify the students' communication skills and aid them in developing specific skill sets. The second part imparts writing skills with special emphasis on the ways of writing impeccable technical reports. The balanced approach to language learning, a combination of spoken and written communication of this book will help students of technical and other professional courses.

Communication Skills John W. Davies, Ian K. Dunn, 2011 An informal guide to help engineering and applied science students become better communicators. It is the only British book to cover the communication skills engineering and applied science students will need in both their academic and professional careers using examples of good practice, checklists and self assessment tests. Topics include writing technical reports, giving presentations, email and web communication, avoiding plagiarism and compiling work based learning portfolios. **Communication Skills Handbook** Jane Summers, Brett Smith, 2009-08-26 The new edition of this popular handbook has been revised and updated to equip contemporary university students with the written and oral communication guidelines they need. Suitable for use across all disciplines, the handbook provides successful approaches to researching, writing and referencing along with a wealth of examples and practical tips for preparing and presenting oral reports, essays and assignments. The handbook is designed to guide students through University studies. This new edition features chapter tabs to provide quick reference and ease of use. **Lab Manual for Modern Electronic Communication** Jeffrey S. Beasley, Gary M. Miller, David Shores, Mark E.
