- 1 Search the Internet Spend hours and days reading what works for other people which leads to conflicting opinions and misleading answers
- 2 Ask your colleagues Everyone has an opinion right Ask enough people and you ll end up with many situation specific answers that don t work for you and a lengthy survey that few people will fill out
- 3 Call in the experts Pay someone else to improve your survey which costs and eats up your time Frustrating because you know you could have done it yourself

Let me offer a far better alternative Enroll in this course to get expert advice you can quickly apply yourself The Survey Doctor is here to give your survey a quick tune up Get out the survey you are working on and let me share research tested solutions and insights that you can immediately apply to your survey items scales and instructions that will yield interpretable results to take correct action In fact these are the same tactics that I have used to improve surveys and evaluation forms created at 650 colleges training organizations and Fortune 500 companies But once you join the Udemy community you won t have to pay my fees or travel expenses Within a couple hours you will be able to Ask the RIGHT questions in the RIGHT way to get interpretable results Dramatically boost response rates without paying anyone Get relevant and actionable written comments from respondents you can use Engage people to WANT to fill out your survey Eliminate costly incentives and survey fatigue Smile with confidence and satisfaction knowing that all the efforts you put into creating your survey will now yield huge returns and valid results and much much more ORDER NOW **Make Money**
