Insiders' Guide® to Gettysburg Kate Hertzog, 2009-05-19 Insiders Guide to Gettysburg is the essential source for in depth travel and relocation information to this historic city      **A Study Guide for Michael Shaara's "The Killer Angels"** Gale, Cengage Learning, 2016-06-29 A Study Guide for Michael Shaara's *The Killer Angels* excerpted from Gale's acclaimed *Novels for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. Chapters address the principles of basic leadership, naval policy, service etiquette, and personal and professional administration. With new insights from those who have recently made this transition, this book serves as a gateway to the many digital and print assets available to newly commissioned officers. It underscores continued preparation, repetition, action, leadership, accountability, and focus on the job at hand, as lifelong career fundamentals. A brief history of the U.S. Navy is included, as well as sample communications and helpful hints, making this volume an important source of advice and information for young leaders who, by their service, make a difference in the U.S. Navy, the nation, and the world      **A Viewing Guide to the Pandemic** Richard Scheib, 2020-01-01 I have had a headache all day. I am afraid of what will happen next. *A Viewing Guide to the Pandemic* is a film book like no other. It opens with the author's first-hand account of the COVID-19 pandemic and life in lockdown. His sense of dread and anxiety about his state of health were experiences shared with millions of others across the world. Already committed to writing a book about plagues and pandemics in popular culture, COVID-19 felt like a perverse twist of fate for Richard Scheib. Media depictions of deadly contagions had, to this point, been speculative and often off the mark. His book takes an in-depth look at what filmmakers imagined would happen and contrasts it with the reality. International in scope, the book examines films in a wide variety of genres, from the silent era to the present day. Black Death, Ebola, Mad Cow Disease, Bird Flu: it explores fictionalized accounts of plague and pestilence such as box office hit *Outbreak* (1995) as well as mockumentary treatments. Whether the threats depicted have a basis in reality, the biowarfare of the Cold War era, for instance, or are more fantastical, Scheib demonstrates how the fear of contagion has provided a wealth of inspiration for the big and small screen      **Army Logistician**, 2000 The official magazine of United States Army logistics      The Complete Home Learning Sourcebook Rebecca Rupp, 1998 Lists all the resources needed to create a balanced curriculum for homeschooling from preschool to high school level      TV Guide, 1999      *DK Eyewitness Travel Guide Washington, DC* DK Travel, 2016-10-18 *DK Eyewitness Travel Guide Washington DC* is your in-depth guide to the very best of the District of Columbia.
