In this fresh, carefully researched book, New York Times reporter Steven Greenhouse explores the economic, political and social trends that are transforming America's workplaces, including the decline of the social contract that created the world's largest middle class and guaranteed job security and good pensions. We meet all kinds of workers: white collar and blue collar, high tech and low tech, middle class and low income, as we see shocking examples of injustice including employees who are locked in during a hurricane or fired after suffering debilitating on-the-job injuries. With pragmatic recommendations on what government, business and labor should do to alleviate the economic crunch, **The Big Squeeze** is a balanced, consistently revealing look at a major American crisis. **1945 Extension of Reciprocal Trade Agreements Act** United States.
