Guide American Political Culture:

American Political Culture Michael Shally-Jensen, Mark J. Rozell, Ted G. Jelen, 2015-04-28 This all encompassing encyclopedia provides a broad perspective on U S politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation Demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern American politics including popular belief political action and the institutions of power and authority Readers will see how political culture is shaped by the attitudes opinions and behaviors of Americans and how it affects those things in return The set also addresses the issue of American exceptionalism and examines the nation s place in the world both historically and in the 21st century Essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance Supreme Court rulings immigration crime and punishment and globalization Social and cultural issues such as religion war inequality and privacy rights are discussed as well Perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation s historical development its present identity and its future course By exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process

An Essential Guide to American Politics and the American Political System Kenneth L. Hill, 2012-07-31 An Essential Guide to American Politics and the American Political System by Kenneth Hill clarifies many of the trends influencing American politics today You will find in this book a clear analysis of the underlying structure of the American political system emerging trends and enduring problems The book analyzes both continuity and change in American politics and the interaction between the two Voters to take one example now have multiple sources to gather and evaluate political information The result is often confusion rather than better understanding Policies adopted by nations around the world now impact the American voter in both positive and negative ways The policies of other nations now in part determine rates of employment in the United States The question of equality and equal opportunity has become increasingly controversial as the gap between social classes continues to widen Much more than in the past more Americans are now questioning the ability of the American political system to successfully deal with current challenges Americans are losing confidence in their leaders and institutions The optimism that has long been a characteristic of the American people is vanishing as problems go unsolved often because of petty political differences Our two political parties no longer produce the leaders they once did Kenneth Hills book is an essential guide to better understand the challenges confronting the American political system and the possibility of success or failure

The Arab-Israeli Conflict in American Political Culture Jonathan Rynhold, 2015-02-23 This book surveys discourse and opinion in the United States toward the Arab Israeli conflict since 1991 Contrary to popular myth it demonstrates that U S support for Israel is not based on the pro Israel lobby but rather is deeply rooted in American

political culture That support has increased since 9 11 However the bulk of this increase has been among Republicans conservatives evangelicals and Orthodox Jews Meanwhile among Democrats liberals the Mainline Protestant Church and non Orthodox Jews criticism of Israeli policies toward the Palestinians has become more vociferous This book works to explain this paradox

American Political Science Research Guide George W. Johnson, 2012-12-06 The American Political Science Research Guide to their efforts Individuals in administration is a new series dealing generally with American political positions will also find that the APSRG offers a means for keeping current on public opinion government and specifically with public administration state and local government policy questions despite the normal restriction of the legislative and executive branches and conditions of time and circumstance the judiciary The key to the entire program is the use of the database of the Political Science Series of As an innovative idea the APSRG is an approach to political research which focuses upon a the Universal Reference System Combining a single area within the discipline of political sciences of the definitive URS Supplement and a science The first in a proposed series of refined indexing procedure the APSRG is provided research guides the APSRG is reproduced under the supervision of the same scholarly representative of the guiding principle of providing scholars who develop that annual supplement

American Political Cultures Richard J. Ellis, 1993-07-29 This work challenges the thesis first formulated by de Tocqueville and later systematically developed by Louis Hartz that American political culture is characterized by a consensus on liberal capitalist values Ranging over three hundred years of history and drawing upon the seminal work of anthropologist Mary Douglas Richard Ellis demonstrates that American history is best understood as a contest between five rival political cultures egalitarian community competitive individualism hierarchical collectivism atomized fatalism and autonomous hermitude

U.S. Army War College Guide to National Security Issues: National security policy and strategy J. Boone Bartholomees, Army War College (U.S.). Strategic Studies Institute, 2012 Volume II continues the analyses and discussion of national security policy and strategy

Politics and Film Daniel P. Franklin, 2006-02-02 *Politics and Film* explores the meaning of film within a societal context In examining the political role of films we become real time cultural anthropologists sifting through the artifacts of modern society to determine what our culture really is all about Common sense tells us that if filmmakers want to make a profit they have to be responsive to the market This doesn't mean that they have to produce a product that simply delights the eyes Films must also please the mind and not just in terms of satisfying our desire to be entertained although that alone is sometimes enough but also deepen our understanding of people ideas and problems that we may confront in everyday life In this respect even commercial films are political And if we are what we eat we may also say we are what we pay to see This book contends that to a large extent American film reflects political culture in American society

[Guide to U.S. Elections](#) Deborah Kalb, 2015-12-24 The CQ Press *Guide to U S Elections* is a comprehensive two volume reference providing information on the U S electoral process in depth analysis on specific political eras and issues and everything in between Thoroughly revised and infused with new data analysis and discussion of issues relating to elections through 2014 the Guide will include chapters on Analysis of the campaigns for presidency from the primaries through the general election Data on the candidates winners losers and election returns Details on congressional and gubernatorial contests supplemented with vast historical data Key Features include Tables boxes and figures interspersed throughout each chapter Data on campaigns election methods and results Complete lists of House and Senate leaders Links to election related websites A guide to party abbreviations

The Oxford Handbook of U.S. National Security Derek S. Reveron, Nikolas K. Gvosdev, John A. Cloud, 2018-05-01 National security is pervasive in government and society but there is little scholarly attention devoted to understanding the context institutions and processes the U S government uses to promote the general welfare The Oxford Handbook of U S National Security aims to fill this gap Coming from academia and the national security community its contributors analyze key institutions and processes that

promote the peace and prosperity of the United States and by extension its allies and other partners By examining contemporary challenges to U S national security contributors consider ways to advance national interests The United States is entering uncharted waters The assumptions and verities of the Washington consensus and the early post Cold War have broken down After 15 years of war and the inability of two presidents to set a new long term U S foreign policy approach in place the uncertainties of the Trump administration symbolize the questioning of assumptions that is now going on as Americans work to re define their place in the world This handbook serves as a how to guide for students and practitioners to understand the key issues and roadblocks confronting those working to improve national security The first section establishes the scope of national security highlighting the important debates to bridge the practitioner and scholarly approaches to national security The second section outlines the major national security actors in the U S government describes the legislative authorities and appropriations available to each institution and considers the organizational essence of each actor to explain behavior during policy discussions It also examines the tools of national security such as diplomacy arms control and economic statecraft The third section focuses on underlying strategic approaches to national security addressing deterrence nuclear and cyber issues and multilateral approaches to foreign policy The final section surveys the landscape of contemporary national security challenges This is a critical resource for anyone trying to understand the complex mechanisms and institutions that govern U S national security
