communication investigates the interaction between public and governmental entities and citizens within their sphere of influence Today s public sector organizations are operating in environments where people receive their information from multiple sources Although modern research demonstrates the immense impact public entities have on democracy and societal welfare communication in this context is often overlooked Public sector organizations need to develop communicative intelligence in balancing their institutional agendas and aims of public engagement The Handbook of Public Sector Communication is the first comprehensive volume to explore the field This timely innovative volume examines the societal role environment goals practices and development of public sector strategic communication International in scope this handbook describes and analyzes the contexts policies issues and questions that shape public sector communication An interdisciplinary team of leading experts discusses diverse subjects of rising importance to public sector government and political communication Topics include social exchange relationships crisis communication citizen expectations measuring and evaluating media diversity and inclusion and more Providing current research and global perspectives this important resource Addresses the questions public sector communicators face today Summarizes the current state of public sector communication worldwide Clarifies contemporary trends and practices including mediatization citizen engagement and change and expectation management Addresses global challenges and crises such as corruption and bureaucratic roadblocks Provides a framework for measuring communication effectiveness Requiring minimal prior knowledge of the field The Handbook of Public Sector Communication is a valuable tool for academics students and practitioners in areas of public administration public management political communication strategic and organizational communication and related fields such as political science sociology marketing journalism and globalization studies

Political Economy of Media and Communication Joan Pedro-Carañana,Rodrigo Gómez,Thomas F. Corrigan,Francisco Sierra Caballero,2024-02-01 The first book dedicated specifically to research methods in the political economy of media and communication it provides a methodological toolkit to investigate the functioning of media technology and cultural industries in their historical institutional structural and systemic contexts Featuring contributions from across the globe and a variety of methodological perspectives this volume presents the state of the art in political economy of media and communication methods articulating those methods with adjacent approaches to study concentration of ownership and power pluralism and diversity regulation and public policies governance genderization and sustainability This collection charts the methodological innovations critical political economists are adopting to analyse a rapidly transforming digital media landscape exploring ideology narratives socio analysis and praxis in communication with ethnographic and participatory approaches as well as designs for quantitative and qualitative methods of textual discourse and content analysis network analyses which consider power relations affecting communication including intersectional oppressions and the new developments taking place in artificial intelligence An essential text for advanced undergraduates postgraduate students and researchers in the areas of media

cultural and communication studies particularly those studying topics such as the political economy of media and or communication media and communication theory and research methods *Resources in Education*, 1998

Doing News Framing Analysis II Paul D'Angelo, 2018-05-11 This volume presents original big picture perspectives on news framing Each chapter in this volume will feature an individual or team of framing analysts who take a reflective look at their own empirical work The editors goals are to identify the influences that determine the use of different theoretical and methodological approaches and to provide interpretive guides to news framing scholars regarding what news frames are how they can be observed in news texts and how framing effects are uncovered and substantiated in cultural group and individual sites Doing News Framing Analysis II will continue the work of its predecessor by giving talented framing scholars the space to write about their work and bring readers closer to the framing research project Chapter 9 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com>

An Analysis of Thinking and Research About Qualitative Methods W. James Potter, 2013-11-05 Written for social science scholars who want to learn more about the qualitative way of thinking this book addresses the full continuum of issues about the qualitative methodologies At one end of that continuum are the deeply philosophical concerns of ontology and epistemology At the other concrete end of that continuum are the practical issues of what is considered evidence How does one go about gathering evidence Where when and how does one analyze evidence What are the alternative ways of dealing with tone and voice in writing qualitative research The attention to practical concrete issues makes this book useful as a handbook providing a great deal of vital information to scholars who want a guide to making decisions as they navigate their research questions through the qualitative realm Uniquely qualified to write such a book Potter has earned PhDs in both qualitative methods with a concentration in linguistics and field studies and in quantitative methods with a concentration in social science theory and statistics The book is not an ideological argument that glorifies one system of thinking while attempting to persuade the reader that other systems of thinking are bankrupt Rather the book presents a respectful balanced analysis of the strengths and weaknesses of the qualitative approach The book builds to a controversial final chapter entitled Is Convergence a Possibility in which Potter synthesizes a conclusion from his analysis of a wide range of qualitative studies across three broad topic areas text focused research audience focused research and institution focused research and across seven major qualitative methodologies ethnography ethnomethodology reception study ecological psychology symbolic interactionism cultural studies and textual analysis His conclusion is that not only is there a possibility of a convergence between qualitative and quantitative approaches but that the convergence has already happened The book includes an appendix in which 95 books and articles using the qualitative approach are abstracted and analyzed to illustrate key points of methodology and methods It also includes subject and author indexes

The Illustrated Guide to the Mass Communication Research Project Patricia Swann, 2022-12-21 This book makes

mass communication research projects more accessible to the new student researcher through a balance between an academically rigorous guide and an informal and humorous student centered approach The Illustrated Guide to the Mass Communication Research Project s unique visual approach brings to life concepts and tactics under discussion through vivid illustrations The book follows the universal format of the academic research paper abstract introduction literature review methodology hypotheses research questions quantitative and qualitative analysis findings discussion and conclusion It guides the reader through using key methods central to much of mass communication research observation interviews focus groups case studies content analysis surveys experiments and sampling Each chapter contains examples of the segment under discussion using excerpted research studies that provide writing models for the student s own research report Ideal for students in research centered courses in mass media communication studies marketing and public relations whether at the undergraduate or graduate level this text will continue to serve as a valuable resource into a future communications and marketing career Online resources are provided to support the book examples of an in depth interview guide a focus group moderator guide a content analysis coding form observation field notes and an experiment cover story templates for a personal SWOT analysis and an informed consent form a research topic worksheet a literature review matrix and coding exercises Please visit www.routledge.com 9781032080758

Journalism Jo A. Cates, 1990 An annotated bibliography and guide to the reference literature from the late 1960s to the present It examines some 1 000 titles and sources with descriptive and evaluative annotations Covers bibliographies encyclopedias dictionaries abstracts indexes databases biographical sources directories and yearbooks handbooks and stylebooks core periodicals professional organizations associations and research centers Annotation copyrighted by Book News Inc Portland OR

A Democratic Approach to Religion News Ahmed Topkev, 2024-03-26 This book introduces the first systematic and unified four dimension democratic approach to newspaper religion reporting It explores the coverage of faith with a particular focus on Christianity and Islam in the British and Turkish national press The results of framing analysis conducted through content analysis of 1 022 news articles reveal that in both countries alongside the contrasting portrayals of the minority religions even the dominant religions had a disproportioned employment of the four dimensions spiritual world life political and conflict It contributes to scholarship not only empirically but also theoretically and methodologically with its theoretical and methodological contribution surpassing its empirical findings As such it will transcend geographical and temporal boundaries making it appealing and relevant to an international audience of academics professionals and students in the fields of journalism religion democracy media communication society and culture as well as individuals from various backgrounds
