

Dear Parents and Teachers,

It is my desire that you find in these pages a method of learning for your student that promotes a variety of styles of learning. Drawing from my own experience as a public school teacher and then a homeschooling mother, this is written to be a companion to the 4th grade Social Studies textbook, *Harcourt Reflections: A Child's View*. I have gathered online worksheets and created comprehension questions and hands-on projects to excite your child. Through this, I hope that your student is better able to comprehend and gain knowledge of the world around them. The hands-on activities will usually require some type of adult or parental involvement or supervision. In these pages your student has the opportunity to do the following projects: make a map of the neighborhood, make a posterboard of American symbols, "sew" a family quilt, and make a face mask, along with other activities. I have included what I have as a starting point for you as a teacher or parent, but only you know your child. If you need to modify the extent of the question or activity, feel free to do so.

The chart on the next page will detail what is read in the textbook, along with questions and activities that can be printed or completed electronically and kept for teacher or parent use. I have included a short pre-assessment to be given before reading each unit. You may choose to compare these to the reviews at the end of each unit to evaluate your student's degree of learning.

Happy learning!
