book argues for uncertainty as the center of Simic's poetics and addresses the ways that his poetry grows from and navigates various forms of uncertainty Donovan McAbee addresses uncertainty regarding the national character of Simic's poetry and how this is complicated by Simic's identity as a Yugoslavian refugee to the United States The book assesses the theological and linguistic uncertainties of Simic's poetry and explores the ways that Simic articulates the aesthetic space created by poems as a safe place of encounter for the reader The book argues for the role of humor as a primary mode that holds together the uncertainties of Simic's poetry and finally it articulates the way that within these uncertainties Simic develops a deeply humane political poetry of survival Along the way Simic's work is placed in conversation with key influences and other important American and international poets and writers including James Tate Mark Strand Charles Wright Nicanor Parra Vasko Popa and others
