Bressler, 2015-06-25 Our story begins with a tragedy that rips apart the minds of everyone involved. Can you think of an act that would be severe enough to literally rupture your brain? Ryan Benet can, and the only way to escape such pain is to enroll at a private school named Kimball Academy. The school has a long list of alumni who graduated from Ivy League Schools. That's Ryan's goal, but instead of fame and fortune, he becomes immersed in strange behavior and intense experiments. In the beginning, the students don't appear frightened when a bell rings and they all stop as if frozen in time and then run to the side of the building, forming lines that face the wall. What's causing such odd behavior? It appears the students have been conditioned to respond to the school's bell system. **Mind Breach** is a thriller based on Pavlov's conditioning theory and the use of procedures and bell systems in a private school setting. Against a backdrop of paintball wars and Twinkie experiments, a group of teenagers is targeted for an experiment gone wrong. This page-turner includes a message of caution in today's age of technological advancements. **The Horror Movie Guide (2022)** Steve Hutchison, 2023-03-05 Included in this book are detailed analyses of 2687 horror movies released between 1919 and 2021, listed in chronological order. [All In With Love](#) James Gardiner, 2022-08-19 Imagine stepping into the spotlight of New York and Hollywood, a lifestyle where stardom, celebrity life, and a Chippendale bow tie were the everyday norm. Fame was the dream of an innocent young boy that played out in the heart of a man who, in turn, lost sight of the boy within. This is their story. Born with severe asthma and enormous dreams, James Gardiner began his life in conflict with himself. Little Jimmy wanted to reach for the stars like his science fiction icons and become a sports superstar like the paper heroes that adorned the walls of his childhood bedroom. But as a frequent visitor to the local hospital, viewing the world through the plastic walls of an oxygen tent, such dreams seemed like they would always be firmly out of reach. However, it was there, on the pediatric wing, that he began to entertain audiences with his stories and charm, growing to like the attention. In fact, to crave it. He wanted to be somebody, and for the first time, his dreams didn't seem quite so out of reach. As he got older and his asthma became more manageable, he began forging his path of destiny. First through the sport of rowing, where the fragile young man dared to challenge his asthma and strive for the Olympic podium. Then it was his lust to be a movie star that thrust him into New York City and Los Angeles, to the world of fashion, celebrity, and even murder. But it was his one unanswerable question that repeatedly seemed to leave his life in shambles: Can his fantasy life be his reality? Became the albatross that hung over the man and the boy. Somewhere along the way, he had lost touch with that childlike part of himself.

that looked at the world each day with joy and wonder Looking back he had gone all in on his quest to be somebody but now as a middle aged man left with nothing and no one it was time to reconnect with little Jimmy and go all in on himself to go all in with love Within their story of reconnection lies the gateway to reclaim your inner child and live your best most authentic life
