Journey From Innocence Nexus:

Beastly Journeys Tim Youngs, 2013 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library Bats beetles wolves butterflies bulls panthers apes leopards and spiders are among the countless creatures that crowd the pages of literature of the late nineteenth century Whether in Gothic novels science fiction fantasy fairy tales journalism political discourse realism or naturalism the line between the human and the animal becomes blurred *Beastly Journeys* examines these bestial transformations across a range of well known and less familiar texts and shows how they are provoked not only by the mutations of Darwinism but by social and economic shifts that have been lost in retellings and readings of them The physical alterations described by George Gissing George MacDonald Arthur Machen Arthur Morrison W T Stead Bram Stoker H G Wells Oscar Wilde and many of their contemporaries are responses to changes in the social body as Britain underwent a series of social and economic crises Metaphors of travel social spatial temporal mythical and psychological keep these stories on the move confusing literary genres along with the indeterminacy of physical shape that they relate *Beastly Journeys* will appeal to anyone interested in the relationship between nineteenth century literature and its contexts and especially to those interested in the fin de siècle and in metaphors of travel animals and shape changing

Soldier Talk Paul Vincent Budra, Michael Zeitlin, 2004 *Soldier Talk* is a collection of essays about the Vietnam combat veteran and his representation of his experience The Vietnam War created a vast archive of recorded accounts of the war permitting an unprecedented opportunity to confront its brutal secrets This book is about how to read and how to hear the historical psychological and narrative truths of soldiers talk The ten chapters explore the phenomenon of soldier talk the oral narrative form of so much of the Vietnam War literature the collection of veteran interviews published under the title *Nam* Vietnam War poetry the strange tale of Bobby Garwood the private who disappeared 10 days before he was to return home and surfaced 13 years later in Hanoi Vietnam oral history and revolutionary socialism the historiography of the Vietnam War queering Vietnam the African American experience of Vietnam and women and the war Along the way the authors touch on most of the best known and most important writing to come out of the war

Southern Journeys Richard D. Starnes, 2003-07-23 The first collection of its kind to examine tourism as a complicated and vital force in southern history culture and economics Anyone who has seen Rock City wandered the grounds of Graceland hiked in Great Smoky Mountains National Park or watched the mermaids swim at Weeki Wachee knows the southern United States offers visitors a rich variety of scenic cultural and leisure activities Tourism has been and is still one of the most powerful economic forces in the modern South It is a multibillion dollar industry that creates jobs and generates revenue while drawing visitors from around the world to enjoy the region's natural and man made attractions This collection of 11 essays explores tourism as a defining force in southern history by focusing on particular influences and localities Alecia Long examines sex as a fundamental component of tourism in New Orleans in the early 20th century while Brooks Blevins describes how tourism served as a

modernizing influence on the Arkansas Ozarks even as the region promoted itself as a land of quaint primitive hillbillies Anne Whisnant chronicles the battle between North Carolina officials building the Blue Ridge Parkway and the owner of Little Switzerland who fought for access and advertising along the scenic highway One essay probes the racial politics behind the development of Hilton Head Island while another looks at the growth of Florida's panhandle into a redneck Riviera catering principally to southerners rather than northern tourists Southern Journeys is a pioneering work in southern history It introduces a new window through which to view the region's distinctiveness Scholars and students of environmental history business history labor history and social history will all benefit from a consideration of the place of tourism in southern life

Remapping African Literature Olabode Ibrinke, 2018-02-12 This book is an exploration of the material conditions of the production of African literature Drawing on the archives of Heinemann's African Writers Series it highlights the procedures relationships demands ideologies and counterpressures engendered by the publication of three major authors Chinua Achebe Wole Soyinka and Ngugi wa Thiong'o As a study of the history and techniques of African literary texts this book advances a theory of reciprocity of effects what it terms auto heteronomy to describe the dynamic of formalist activism by which texts anticipate and shape the forces of literary production in advance It serves as a departure from the death of the author thesis by reconsidering the role of the author in African literature and culture industry as well as the influence of African publics on writers aesthetic choices and on the overall processes of production This work is a major contribution to African literary history literary criticism and book history

Not So Innocent Abroad Ulrike Brissin, Bernard Schweizer, 2009-10-02 With its specific focus on the connections between politics travel and travel writing Not So Innocent Abroad offers a fresh approach to the study of travel literature The authors make clear that travel and travel writing are never an innocent enterprise rather journeying always occurs within political systems and travel writing either reflects the traveler's political stance includes political aspects of foreign cultures or directly or indirectly influences political decisions In contrast to most scholarly publications that primarily focus on travel literature of former colonial nations this volume includes a broader range of travelogues depicting cultures worldwide spanning from the eighteenth to the twenty first century It thus offers with its comparative approach not only a geographically wide selection but also an historical dimension to the political aspects of travel writing Although most travel literature generally has followed the Horatian principle to instruct and delight the armchair traveler the authors of this volume clearly address the broader political implications of travel and travel writing within networks of naked politics such as international or interior conflicts emigration laws or national propaganda They also reveal how insidiously political messages are dissimulated through travel writing

Theorizing Stephen King Michael Blouin,2025-10-01 Readers of all stripes will find something to appreciate in this collection which illuminates how King s horror literature as a media form has shifted in relation to cultural understandings over time Many chapters touch upon how surrounding texts such as film TV adaptations have played into these mediations throughout King s storied career For the first time reader of King this volume offers a doorway into his works an array of exciting critical frameworks with which to make sense of King s fictional universe For literary critics this volume argues that King s corpus remains a site for robust intellectual inquiry And for all of us the book provides an occasion one that is long overdue to rethink King s relationship to critical theory as well as his legacy as a major American author While it may prove impossible to reconcile King and the academy we might nonetheless explore the evolution of their inescapable bond in hopes of negotiating a greater understanding between them

Tourism, Tradition and Culture David Harrison,2020-11-18 David Harrison has contributed to the academic study of tourism over the last 30 years This book brings together a collection of his published material that reflects the role played by tourism in development both in societies emerging from Western colonialism and in societies previously part of the Soviet system The overarching theme looks at how promoted as a tool for development tourism can lead to conflict between competing elites but can also empower groups previously subject to constraint by traditional authorities Tradition is intensely manipulatable and always reflects power relations Such pressure on tradition is but one aspect of tourism s wider social impacts This includes changes in economic and social structure which for many constitute social problems that need to be addressed At the same time sustainability though apparently a worthy aim can be a problematic concept especially when applied to traditional cultures and may conflict with such ideals as egalitarianism

Pursuit Brett Stephan Bass,2015-12-10 *Explorations in Geography, Gender and Genre* Fiona Ruthven Barnes,1993 **Lionslayer's Woman** Nhys Glover,2013-10-31 An Imperial Purge leaves a stoic philosopher dead and his wife and youngest child kidnapped Galeria the teacher s daughter and Cyra her slave girl are the only ones who can save them But their task seems impossible until two men arrive to aid their search Nexus is only half the man he was since the death of his lover Sent to save the family from the emperor s wrath he never expected to find love and a reason to live again But from the first moment he meets Galeria and agrees to help her his life has meaning once more Decaneus the Dacian warrior renamed Leonis after he slew a lion in the Colosseum has no goal but regaining his

freedom That is until he meets Cyra Then her goals become his as they set out to rescue the child that she loves most in all the world Across the Aegean the couples pit themselves against the might of an emperor a devious fiend and treacherous slavers as they race to rescue a mother and daughter from their terrible fate *Currency of Desire* Rachel

Martinez,2025-02-07 In a high stakes world where luxury art and money intertwine with deception two individuals are drawn together by justice desire and the promise of redemption Helena Voss a tenacious anti corruption investigator haunted by personal tragedy finds her path entangled with Gideon Rook a morally ambiguous money strategist navigating the shadows of the global financial web Together they must unravel a labyrinth of hidden transactions and clandestine operations orchestrated by an elusive financial cabal known as The Consortium Their uneasy alliance is forged in the crucible of stealth and secrecy each step measured every move layered with tension and unspoken attraction Helena s relentless pursuit of justice collides with Gideon s intricate knowledge of financial manipulation As they delve deeper their professional and personal boundaries blur revealing the moral costs of ambition and survival From the opulent galleries of Metropolis to hidden digital vaults in the Hinterlands this intricate thriller charts the intertwining lives of its characters against a backdrop of shifting alliances covert operations and explosive revelations The story unfolds with precision each veiled transaction and coded message peeling back the layers of conspiracy until the final climactic sting operation that brings the empire of shadows to the brink of collapse *Currency of Desire* is a compelling narrative of power desire and integrity a tale of how desire can be both the catalyst for corruption and the engine of profound change It is a story not just of uncovering the truths hidden in the currency of wealth but of finding redemption in the quest for justice This is a novel where every transaction every brushstroke and every glance carries the weight of personal and global significance leading to a future forged in the crucible of accountability and hope

Diaspora Literature: A Critical Evaluation Dipak Giri,2024-02-05 In this period of globalization many individuals are trying to upgrade the life and for that most of them are now migrating to other lands In the process of getting settle in new land they encounter many problems The issue of migration and immigration brings forward the question of exile identity assimilation memory nostalgia hopelessness uprootedness hybridity and so on Indian writers have beautifully picked up experiences of such people and penned them down Such writing is called Diaspora Literature wherein immigrant experiences

have been shared through literature This type of literature includes expatriate stories refugee chronicles and immigrant narratives The present anthology Indian Diaspora Literature A Critical Evaluation covers as many as twenty articles where the authors have discussed innumerable issues and challenges as confronted by Indian immigrants due to their distance and dislocation from their familiar homeland to the alien hostland irrespective of what kind of exile they follow forced or voluntary Apart from bringing into surface the migratory problems the anthology also sheds light on the complexities that arise out of such migration Some of the notable Indian writers who have been given room in this book are V S Naipaul Amitav Ghosh Rohinton Mistry Jhumpa Lahiri Chitra Banerjee Divakaruni Anita Desai and Kiran Desai to name a few Authors have tried to give their best outputs to reach this anthology to its intended goal Hopefully this book will be helpful to both students and scholars alike

Original Sins Eve L. Ewing, 2025-03-04 Why is the American school system neglecting so many of its students In this damning investigation the award winning author and activist posits that it may be because schools were designed to do just that Though the argument of this book is bleak it illuminates a path for a more just future that is nothing short of dazzling Oprah Daily Most Anticipated Books of 2025 This book will transform the way you see this country Michelle Alexander author of *The New Jim Crow* If all children could just get an education the logic goes they would have the same opportunities later in life But this historical tour de force makes it clear that the opposite is true The U S school system has played an instrumental role in creating and upholding racial hierarchies preparing children to expect unequal treatment throughout their lives In *Original Sins* Ewing demonstrates that our schools were designed to propagate the idea of white intellectual superiority to civilize Native students and to prepare Black students for menial labor Education was not an afterthought for the Founding Fathers it was envisioned by Thomas Jefferson as an institution that would fortify the country's racial hierarchy Ewing argues that these dynamics persist in a curriculum that continues to minimize the horrors of American history The most insidious aspects of this system fall below the radar in the forms of standardized testing academic tracking disciplinary policies and uneven access to resources By demonstrating that it is in the DNA of American schools to serve as an effective and underacknowledged mechanism maintaining inequality in this country today Ewing makes the case that we need a profound reevaluation of what schools are supposed to do and for whom This book will change the way people understand the place we send our children for eight hours a day

Working-Class Writing Ben Clarke, Nick Hubble, 2018-11-19 This book updates our understanding of working class fiction by focusing on its continued relevance to the social and intellectual contexts of the age of Trump and Brexit The volume draws together new and established scholars in the field whose intersectional analyses use postcolonial and feminist ideas amongst others to explore key theoretical approaches to working class writing and discuss works by a range of authors including Ethel Carnie Holdsworth Jack Hilton Mulk Raj Anand Simon Blumenfeld Pat Barker Gordon Burn and Zadie Smith A key informing argument is not only that working class writing shows working class to be a diverse and dynamic rather than monolithic category but also that a

greater critical attention to class and the working class in particular extends both the methods and objects of literary studies
This collection will appeal to students scholars and academics interested in working class writing and the need to diversify
the curriculum
