House Sharing and Young Adults Vicky Clark, Keith Tuffin, 2022-12-27 *House Sharing and Young Adults* offers unique insight into the dynamics of successful house sharing among young adults and questions some of the myths fostered by the negative stereotyping of housemates. Illustrated with research from interviews with young adults, it explores co-residence, interpersonal relationships, and young people's development. Beginning with an overview of the concept and history of house sharing among young adults, Clark and Tuffin's volume also examines the reasons for the lack of research into the area up until recently. It explores key questions including how young adults choose housemates, what makes a desirable housemate, avoiding complications, the psychological advantages of house sharing, how conflict arises, and the impact of house sharing on adult development. The authors challenge the stigma of shared domesticity, demonstrating the potential of house sharing to enhance well-being through companionship while acknowledging the potential pitfalls caused by tension in intimate settings. *House Sharing and Young Adults* will be essential reading for both undergraduate and postgraduate students of social psychology, developmental psychology, sociology, and anthropology, as well as those interested in group dynamics, housing demographics, and discrimination.

**HIV, Sex and Sexuality in Later Life** Mark Henrickson, Casey Charles, Shiv Ganesh, Sulaimon Giwa, Kan Diana Kwok, Tetyana Semigina, 2022-11-07 Following the development of anti-retroviral therapies (ARVs), many people affected by HIV in the 1980s and 1990s have now been living with the condition for decades. Drawing on perspectives from leading scholars in Bangladesh, Canada, Hong Kong, New Zealand, Switzerland, Ukraine, the UK, and the US, as well as research from India and Kenya, this book explores the experiences of sex and sexuality in individuals and groups living with HIV in later life. Contributions consider the impacts of stigma, barriers to intimacy, physiological sequelae, long-term care, undetectability, pleasure, and biomedical prevention (TasP and PrEP). With the increasing global availability of ARVs and ageing populations, this book offers essential future directions, practical applications, and implications for both policy and research.

**GERTRUDE STEIN Ultimate Collection: Novels, Short Stories, Poetry, Plays, Memoirs & Essays** Gertrude Stein, 2023-12-10 Gertrude Stein's *Ultimate Collection* encapsulates the avant-garde spirit of her literary oeuvre, presenting a rich tapestry of novels, short stories, poetry, plays, memoirs, and essays. Stein's experimental style eschews traditional narrative forms, employing stream-of-consciousness techniques and a unique use of repetition that invites the reader to immerse themselves in the rhythm of her prose. This collection not only showcases her contributions to modernism but also reflects the zeitgeist of the early 20th century, a period of profound cultural and artistic upheaval that Stein was pivotal in shaping. Gertrude Stein, an American expatriate in Paris, was at the forefront of the artistic movements of her time, befriending luminaries such as Pablo Picasso and Ernest Hemingway. Her own experiences as a Jewish woman and a groundbreaking writer informed her exploration of identity, language, and the very nature of art itself. Stein's insistence on the significance of the structure and sound of language reveals her innovative approach to writing, emerging from her deep

engagement with both psychology and the avant garde This collection is a treasure for both aficionados of modernist literature and newcomers alike offering an expansive view of Stein s intellectual landscape Readers will find in this anthology not just a compilation of her works but a gateway into the mind of a literary revolutionary whose legacy continues to influence writers and artists today *Kissing Doorknobs* Terry Spencer Hesser,1999-11-09 During her preschool years Tara Sullivan lived in terror that something bad would happen to her mother while they were apart In grade school she panicked during the practice fire drills Practice for what Tara asked For the upcoming disaster that was bound to happen Then at the age of 11 it happened Tara heard the phrase that changed her life Step on a crack break your mother s back Before Tara knew it she was counting every crack in the sidewalk Over time Tara s quirks grew and developed arranging her meals on plates nonstop prayer rituals until she developed a new ritual wherein she kissed her fingers and touched doorknobs
