The Estate Origins of Democracy in Russia Tomila V. Lankina, 2021-12-16. A devastating challenge to the idea of communism as a great leveller, this extraordinarily original, rigorous, and ambitious book debunks Marxism-inspired accounts of its equalitarian consequences. It is the first study systematically to link the genesis of the bourgeoisie cum middle class Imperial Soviet and post-communist to Tzarist estate institutions, which distinguished between nobility, clergy, the urban merchants and meshchane, and peasants. It demonstrates how the pre-communist bourgeoisie, particularly the merchant and urban commercial strata, but also the high human capital aristocracy and clergy, survived and adapted in Soviet Russia. Under both Tzarism and communism, the estate system engendered an educated, autonomous bourgeoisie and professional class, along with an oppositional public sphere and persistent social cleavages that continue to plague democratic consensus. This book also shows how the middle class, conventionally bracketed under one generic umbrella, is often two-pronged in nature: one

originating among the educated estates of feudal orders and the other fabricated as part of state induced modernization

A Russian Jew of Bloomsbury Galya Diment, 2011-10-17 Samuel Kotliansky 1880 1955 fled the pogroms of Russia in 1911 and established himself as a friend of many of Britain's literati and intellectuals who were fascinated by his homeland's more civilized side the Ballets Russes Tolstoy Dostoevsky and Chekhov Kot as he was known soon became an indispensable guide to Russian culture for England's leading writers artists and intellectuals who in turn helped introduce English audiences to Russian works *A Russian Jew of Bloomsbury* looks at the remarkable life and influence that an outsider had on the tightly knit circle of Britain's cultural elite Among Kotliansky's friends were Katherine Mansfield Leonard and Virginia Woolf for whose Hogarth Press he translated many Russian classics Mark Gertler Lady Ottoline Morrell H G Wells and Dilys Powell But it was his close and turbulent friendship with D H Lawrence with whom he had copious correspondence that proved to be Kotliansky's lasting legacy In a lively and vibrant narrative Galya Diment shows how despite Kot's

determination he could never shake off the dark aspects of his past or overcome the streak of anti-Semitism that ran through British society and could be found in many of his famous literary friends A stirring account of the early twentieth century Jewish migr life and English and Russian letters *A Russian Jew of Bloomsbury* casts new light and shadows on the giants of English modernism Global Finance, Local Control Igor O. Logvinenko, 2021-10-15 Exploring Russia's reentry into global capital markets at the dawn of the twenty first century *Global Finance Local Control* shows how economic integration became deeply entangled with a bare knuckled struggle for control over the vestiges of the Soviet empire Igor Logvinenko reveals how the post communist Russian economy became a full fledged participant in the international financial sector without significantly improving the local rule of law By the end of Vladimir Putin's second presidential term Russia was more integrated into the global financial system than at any point in the past However the country's longstanding deficiencies including widespread corruption administration of justice and an increasingly overbearing state continued unabated Scrutinizing stock market restrictions on foreign ownership during the first fifteen years of Russia's economic transition Logvinenko concludes that financial internationalization allowed local elites to raise capital from foreign investors while maintaining control over local assets They legitimized their wealth using Western institutions but they did so on their terms *Global Finance Local Control* delivers a somber lesson about the integration of emerging markets without strong domestic rule of law protections financial internationalization entrenches oligarchic capitalism and strengthens authoritarian regimes

Peter Gatrell, 2019-08-27 An acclaimed historian examines postwar migration's fundamental role in shaping modern Europe. Migration is perhaps the most pressing issue of our time and it has completely decentered European politics in recent years. But as we consider the current refugee crisis, acclaimed historian Peter Gatrell reminds us that the history of Europe has always been one of people on the move. The end of World War II left Europe in a state of confusion with many Europeans virtually stateless. Later, as former colonial states gained national independence, colonists and their supporters migrated to often unwelcoming metropolises. The collapse of communism in 1989 marked another fundamental turning point. Gatrell places migration at the center of post-war European history and the aspirations of migrants themselves at the center of the story of migration. This is an urgent history that will reshape our understanding of modern Europe. *Philosophical and Cultural Interpretations of Russian Modernisation* Katja Lehtisaari, Arto Mustajoki, 2016-09-13 In this book, the expert international contributors attempt to answer questions such as: How far is it possible to attribute change in contemporary Russia as due to cultural factors? How does the process of change in cultural institutions reflect the general development of Russia? Are there certain philosophical ideas that explain the Russian interpretation of a modern state? This edited volume elaborates on processes of Russian modernisation regarding a wide range of factors, including the use of modern technology, elements of civil society, a reliable legal system, high levels of education, equality among citizens, freedom of speech, religion, and trade. The main focus is on the Putin era, but historical backgrounds are also discussed, adding context. The chapters cover a wide spectrum of research fields, from philosophy and political ideas to gender issues, language, the education system, and the position of music as a constituent of modern identity. Throughout the book, the chapters are written so as to introduce experts from other fields to new perspectives on Russian modernisation and de-modernisation processes. It will be of great interest to postgraduates and scholars in Philosophy, Politics, IR, Music, and Cultural Studies, and of course Russian studies.

Understanding Russian Politics Stephen White, 2011-03-31 A fresh and compelling interpretation of Russian politics by a leading authority, this textbook focuses on political developments in the world's largest country under Putin and Medvedev. Using a wealth of primary sources, it covers economic, social, and foreign policy and the system of politics that has developed in recent years. Opposing arguments are presented, and students are encouraged to reach their own judgements on key events and issues, such as privatisation and corruption. This textbook tackles timely topics such as gender and inequality, issues, organised religion, the economic crisis, and Russia's place in the international community. It uses numerous examples to place this powerful and richly endowed country in context, with a focus on the place of ordinary people, which shows how policy is translated to Russians' everyday lives. *Russian Society and the Orthodox Church* Zoe Knox, 2004-06-02 *Russian Society and the Orthodox Church* examines the Russian Orthodox Church's social and political role and its relationship to civil society in post-Communist Russia. It shows how Orthodox prelates, clergy, and laity have shaped Russians' attitudes towards religious and ideological pluralism, which in turn have influenced the ways in which Russians understand civil society.

including those of its features pluralism and freedom of conscience that are essential for a functioning democracy It shows how the official church including the Moscow Patriarchate has impeded the development of civil society while on the other hand the non official church including nonconformist clergy and lay activists has promoted concepts central to civil society
