

Mastery Module: The Magnetic Field

This is the Physics Mastery Module for The Magnetic Field. There are three levels of questions to complete for full marks, each increasing in complexity. Level 1 consists of mainly conceptual questions, Level 2 of straightforward numerical problems, and Level 3 of full problems. Levels 1 and 2 will be multiple choice to help you check your result, but Level 3 requires you to write in your answer and units.

There is no penalty for choosing or entering a wrong answer. However, in order to complete the current level, you must get all questions correct on a single try. If you get one or more question incorrect, you'll get an entirely new set of question to complete.

Note: There is a maximum number of attempts (10) per level. If this level is not completed within that number of attempts, you will receive a grade of 0 on that level, but may continue on to the next level.

Here are some tips on [how to input your numerical answers and units](#).

Current Score: 0 / 3.
