The Holistic Pine: Volume 2, Issue 2 Writers' Kalam, 2023-02-19 The Holistic Pine is India's first independent international monthly lifestyle journal Sanskar News India has just taken a giant leap into the world of independent publishing with the launch of The Holistic Pine The Gram Today Authenticity Brevity and Clarity We experience information overload the moment we search something online especially when this search is regarding courses and careers What guarantee do we have that the information we receive online is genuine or not How many hours should we dedicate to sift through the data available How could we identify the authenticity of information Instead of spending hours and hours of time and energy The Holistic Pine is making it easier for the reader to get authentic information within a short period of time This is one of the reasons educational institutions are moving massively towards The Holistic Pine where you get Authenticity Brevity and Clarity There is still another reason Most academic journals subscribed by college school libraries do not create readers out of students Most students avoid them However The Holistic Pine is unique in its appeal That's where The Holistic Pine becomes different It has created a bridge between the magazine culture and journal culture offering in each issue a

highly stylised reading material that attracts students and scholars The Holistic Pine thus becomes an academic asset in educational institutions scholars UPSC PSC and Civil Service or IAS aspirants and general readers *Rocket Spy* Gilbert McArdle,2022-08-01 During Hitler s Third Reich Dr Philip Maloney is attending a surgical clerkship at Heidelberg University In a violent attempt to prevent his Jewish girlfriend Rebecca Weiner from being arrested by the SS Philip is arrested and interrogated but luckily escapes to England Under the auspices of the OSS and MI 6 he agrees to return to Germany as a physician spy to find about V 2 rocket research at Pennemunde Thus begins the intricate and interesting saga of his intriguing exploits including problems with an English double agent and an inadvertent contact with a pro German American agent Harry Wentworth who returned to Germany with secret info he obtained about US atomic bomb research at Los Alamos He also attempts against all odds to rescue Rebecca from the Dachau Concentration Camp **The Discovery of God** David Klinghoffer,2007-12-18 Fifty three percent of the world s population practices Judaism Christianity and Islam religions that all trace their lineage to the towering quasi mythological figure of Abraham In this reverent biography of the man who invented or discovered God David Klinghoffer disentangles history from myth and uncovers the profound impact of Abraham s message on his time and on the development of the modern world The Discovery of God chronicles Abraham s life from his birth in Mesopotamia through his travels as preacher and missionary throughout the Middle East Many of the primary sites of Abraham s life and career still exist and Klinghoffer describes what they were like in ancient times and how they appear today The tangible details of the polytheistic culture are re created showing how Abraham challenged the most basic beliefs of his contemporaries He did not set out to establish the Jewish religion but rather to spread the message of ethical monotheism as it was revealed to him a powerful message that deepened over time as did his faith and relationship with God In contrast to many scholars who troubled by its contradictions and apparent errors see the Bible as the work of a series of scribes and editors Klinghoffer argues that the Bible should be viewed as an esoteric text that can only be comprehended in light of the oral tradition from which it emanated Combining rigorous scholarship and interpretive ingenuity he draws on biblical commentary and the Jewish oral tradition as preserved by sages from the Talmudic scholars to Maimonides to explore and explain the miraculous origins of monotheism At a time when the world seems to be moving toward a renewed confrontation between the three great Abrahamic faiths The Discovery of God is a potent reminder of the history and beliefs that unite them *Movement* Thalia Verkade,Marco de Brömmelstroet,2024-05-02 This book will no question make you think in new ways Why have we surrendered our cities to cars What might it be like to inhabit a space designed for people instead It s exciting and hopeful this we can do Bill McKibben author of The Flag The Cross and the Station Wagon Almost everywhere in the world streets are designed for travel at the highest speed giving precedence to the chunkiest vehicles We take for granted that the streets outside of our homes are designed only for movement from one point to another But what happens if we radically rethink how we use these public spaces Could we change our lives for the better In

Movement How to Take Back Our Streets and Transform Our Lives journalist Thalia Verkade and mobility expert the cycling professor Marco te Br mmelstroet take a three year shared journey of discovery into the possibilities of our streets They investigate and question the choices and mechanisms underpinning how these public spaces are designed and look at how they could be different Verkade and te Br mmelstroet draw inspiration from the Netherlands and look at what other countries are doing and could do to diversify how they use their streets and make them safer During the pandemic decision makers in cities around the world were confronted with the questions of who our streets belong to how we want to use them and who gets to decide Making our communities safer cleaner and greener starts with asking these fundamental questions To truly transform mobility we need to look far beyond the technical aspects and put people at the center of urban design Movement will change the way that you view our streets *Paper, Ink, and Achievement* Kevin L.
