Novel) Patricia Wentworth, 2020-12-17 The mysterious death of Edward Mottisfont pulls the lives of David Mary and Elizabeth into a whirlwind. David, a doctor by profession, goes as far as to dishonour his profession for Mary. But the sacrifice comes at a huge cost: a complete nervous breakdown. Will Mary ever come to realise David's love and sacrifice for her? Will Elizabeth be able to tell him how much she loves him as well? What will happen to David now? Excerpt: Old Mr Edward Mottisfont looked over the edge of the sheet at David Blake. My nephew Edward is most undoubtedly and indisputably a prig, a damned prig, he added thoughtfully after a moment's pause for reflection. As he reflected his black eyes danced from David's face to a crayon drawing which hung on the panelled wall above the mantelpiece. *The Fire Within* Lynda Trent, 2011-07-15 Megan had to make a choice. Things had changed the day war came to her mountain. Now it was time to decide between the Rebel to whom she'd been promised and the Union captain Caleb Morgan. To choose Caleb would mean turning her back on everything that had gone before, yet how could she surrender the man who had captured her heart? Captain Morgan was certain of only two things in life: that he hated the war and that he loved Megan, a woman of courage and compassion who had rescued him from the cold embrace of death. Yet how could he ask her to leave behind the only life she'd ever known and break her promise to another man? [48 Days to the Work You Love](#) Dan Miller, 2015 Guides people working in jobs they hate on how to make successful career decisions by creating a compass from their natural skills and abilities, personality traits, values, dreams, and passions, directing them to a more fulfilling vocation. **The Fire Within** Elena Borelli, 2014-04-11 Desire for love, desire for knowledge, desire to possess, desire to desire, and to be desired: our life is shaped by what we want and by our efforts to achieve it. Hailed by philosophers and psychoanalysts as the core of human identity, desire informs not only our actions but also our dreams and hopes and their sublimation into art and literature. This collection of essays explores how desire is portrayed in modern and contemporary Italian literature by analysing some of the most interesting literary figures of the last two centuries. The authors of this collection approach desire from various perspectives: psychoanalytical, sociological, political, and semiotic, in order to show that desire, albeit at times not explicitly mentioned, pervades the literary works of modern and contemporary Italy, either as a central theme or as the secret motor of the narrative. Through the filter of desire, the essays of this collection highlight the international dimension of Italian literature, establishing a connection between Italian authors and the major theoretical works of the last two centuries. As the notion of desire as represented in literary texts is informed by psychoanalytical and philosophical concepts that operate across the boundaries of nationality and language, modernists and scholars of Comparative Literature will find the papers in this book of considerable interest. *The Fire Within* Pierre Drieu La Rochelle, 2023-12-05 Adapted to film by both Louis Malle and Joachim Trier, this heart-rending and tenderly wrought novel narrates the decline of an artist and heroin addict in 1920s Paris. Pierre Drieu la Rochelle might be said to be both the Hemingway and the Fitzgerald of twentieth-century French literature: a battle-scarred veteran of the First World War whose work chronicles the trials and tribulations of a lost

generation a man about town a heartbreaker with a broken heart a literary stylist whose work is as tough as it is lyrical and polished Politically compromised as Drieu came to be by his affiliation with the fascist right and collaboration under Nazi occupation Drieu committed suicide at the end of the war his novels remain vivid reflections of a broken spiritual and political world of the interwar years and as works of art and to this day they are widely read and greatly admired in France The Fire Within which has been successfully adapted to the screen by Louis Malle and more recently Joachim Trier is the lacerating tale of Alain Leroy a war veteran and beautiful young man of whom the world is expected but who has taken refuge from the world in drugs After being institutionalized Alain emerges to try to put his life together again but in spite of the attentions of friends and lovers he struggles to find his way *Awakening the Fire Within* Lyse Lebeau,Duart Maclean,2005-03-24 This book integrates psychological spiritual and pragmatic approaches to the mastery of life It focuses on relationship leadership and self esteem We know that what motivates our thoughts feelings words and actions is less than 10% at the level of the conscious mind The driving forces in our lives do not exist at the surface of our minds where we make our every day conscious decisions What truly moves us lies buried deep within and we must become familiar with that shadowy underworld from where our real choices and actions are being motivated In order to get into our personal underworld where the real work must be done we must go far beyond intellectualism positive thinking and re programming We have found that the practices of yoga ranging from breathwork and postures to meditation and self enquiry are the most effective means of diving deep within the unconscious As we follow the paths of yoga to the depths of the ocean of our own existence we inevitably encounter the many shadowy forms of the unconscious lurking below the surface It is by encountering embracing and then releasing these submerged thought forms and undigested feelings and sensations that we will ultimately attain our pearl of great price Self realization This book emphasizes the use of the breath as a potent means for exploring and clearing the unconscious When integrated with an ability to recognize and understand how our negative self defeating patterns operate progress can be remarkably rapid and enduring Finally particular attention is given to the use of action as a means to self knowledge self healing and self transformation It is in the heat of action that we actually discover how we are put together and identify where we are weak and where we are strong Breaking through our resignation and stepping out onto the playing field of life is accomplished in the field of action where leadership resides **Light a Fire in Their Hearts** Lisa Anna Palmer,2021-05-04 A guide to being the best leader possible in business or anywhere Are you a manager or director climbing the ranks a founder who s busy growing your army or a formal leader in any field If yes you need to retain talented employees and inspire them to contribute their very best at work using methods that go beyond command and control leadership So how do you get the competitive edge in today s rapidly evolving workplace In Light a Fire in Their Hearts leadership expert Lisa Anna Palmer guides you through the leadership journey She shares powerful stories and techniques drawn from over thirty great leaders a team of virtual mentors who impart their wisdom how to
