We respectfully request that Congress, pursuant to its constitutional powers "...to raise and support Armies..." and "...to provide and maintain a Navy...", take legislative action to remove all diversity, equity, and inclusion (DEI) programs from the Department of Defense (DoD). Additionally, we ask that you ensure no DEI related policies, programs, and funding are included in the 2024 NDAA.

As our Nation faces looming threats from "foreign" adversaries/enemies, our military is under assault from a culture war stemming from "domestic" ideologically inspired political policies and practices. If not stopped now, they will forever change the military's warrior ethos essential to performing its mission of deterring aggression and failing that, to fight and win our Nation's war. Our military must be laser focused on one mission—readiness, undiminished by the culture war engulfing our country.

For generations, our military was a meritocracy, which simply defined means selection and advancement based solely on merit and ability. Service Members (SMs) were judged not by the color of their skin but by their character, duty performance, and potential. Meritocracy, coupled with equal opportunity, created conditions for all to advance and excel, which stimulates healthy competition, thereby raising standards. Historically, our military has been one of, if not the most, diverse and inclusive institution in America.

The domestic cultural threat has an innocuous name: "diversity, equity, and inclusion" (DEI). But, in reality DEI is dividing, not uniting, our military and society. DEI's principles derive from critical race theory, which is rooted in cultural Marxism, where people are grouped into identity classes (typically by race), labeled as "oppressed" or "oppressor," and pitted against each other. Under the guise of DEI, some people are selected for career enhancing opportunities and advancement based on preferences given to identity groups based on race, gender, ethnic
