## Getting The Picture:

**Getting the Picture** Margaret Helen Persin, 1997 This book takes a probing look at how Spanish poets of the twentieth century read objects of visual art write poems that utilize the discursive strategy known as ekphrasis and how in turn they are read by those texts As a result of their reading practices the artistic works read by the poets are inscribed in the poets own texts and in a variety of ways This analysis sheds light on the poets own distinctive stance toward many primary issues such as textuality representation language power ideology literature and art Getting the Picture Jason E. Hill, Vanessa R. Schwartz, 2020-09-08 Powerful and often controversial news pictures promise to make the world at once immediate and knowable Yet while many great writers and thinkers have evaluated photographs of atrocity and crisis few have sought to set these images in a broader context by defining the rich and diverse history of news pictures in their many forms For the first time this volume defines what counts as a news picture how pictures are selected and distributed where they are seen and how we critique and value them Presenting the best new thinking on this fascinating topic this book considers the news picture over time from the dawn of the illustrated press in the nineteenth century through photojournalism s heyday and the rise of broadcast news and newsreels in the twentieth century and into today s digital platforms It examines the many kinds of images sport fashion society celebrity war catastrophe and exoticism and many mediums including photography painting wood engraving film and video Packed with the best research and full colour illustrations throughout this book will appeal to students and readers interested in how news and history are key sources of our rich visual culture **Get the Picture** Dan Richards, The Editors of Popular Photography, 2016-10-18 So you ve got yourself a shiny new camera Now what Skip that brick of a manual and join POPULAR PHOTOGRAPHY writer Dan Richards on an accessible empowering tour of your camera s functions Full of crystal clear instructions expert explanations and aspirational images GET THE PICTURE is a novice s best choice for maximizing today s DSLRs and ILCs page 4 of cover **Get the Picture** Brent Marchant, 2007-01-01 Conscious creation is the theory that we create our own reality when we watch the movie screen Brent Marchant examines psychological aspects of motion pictures **Get the Picture** John Godfrey Morris, John G. Morris, 2002-06-15 How do photojournalists get the pictures that bring us the action from the world s most dangerous places How do picture editors decide which photos to scrap and which to feature on the front page Find out in Get the Picture a personal history of fifty years of photojournalism by one of the top journalists of the twentieth century John G Morris brought us many of the images that defined our era from photos of the London air raids and the D Day landing during World War II to the assassination of Robert Kennedy He tells us the inside stories behind dozens of famous pictures like these which are reproduced in this book and provides intimate and revealing portraits of the men and women who shot them including Robert Capa Henri Cartier Bresson and W Eugene Smith A firm believer in the power of images to educate and persuade Morris nevertheless warns of the tremendous threats posed to photojournalists today by increasingly chaotic wars and the growing commercialism in

publishing the siren song of money that leads editors to seek pictures that sell copies rather than those that can change the way we see the world      **Get the Picture: Visual Literacy in Content-Area Instruction** Marva Cappello, Nancy T.

Walker, 2019-07-01 Visual sources are increasingly prevalent in today's society. This cross-curricular resource by Marva Cappello and Nancy T. Walker provides teachers with new and engaging strategies to help students closely read visual texts. Teachers will learn to evaluate the complexity of visual texts and match them to their students. Students will learn to analyze visual sources, understand both explicit and implicit messages, interpret underlying meaning, and engage in meaningful discussion. Based on practical research, this approach offers students engagement in the full suite of Language Arts as defined by the International Literacy Association and National Council of Teachers of English: reading, writing, listening, speaking, viewing, and visually representing. The strategies are divided by purpose: receptive and productive strategies, and arranged by content area to support all teachers. Sample lessons for grades K-1 and 2-3 are provided for each strategy. With concrete tools and techniques and a wide range of suggested visual texts to use in the classroom, teachers can prepare students for interaction with primary sources, digital media, and the visual-heavy world of 21st-century learning. Digital downloads of visual texts and student pages are included.      [Get the Picture? The Advent Calendar Murders](#) AGT de

Stafford,      **Get the Picture** Bianca Bosker, 2025-04-15 AN INSTANT NEW YORK TIMES BESTSELLER NAMED A BEST BOOK OF 2024 BY NPR TIME AND THE ECONOMIST Get the Picture is one of the funniest books I've read. Brilliant. The Washington Post A gripping and often hilarious investigation into the art world. Bosker goes full Tom Wolfe. TIME Funny, whip-smart and gorgeously written. Get the Picture will forever transform the way you see. I loved every word. Suleika Jaouad New York Times bestselling author of Between Two Kingdoms The New York Times bestselling author of Cork Dork takes readers on another fascinating, hilarious, and revelatory journey this time burrowing deep inside the secretive world of art and artists. An award-winning journalist obsessed with obsession, Bianca Bosker's existence was upended when she wandered into the art world and couldn't look away. Intrigued by artists who hyperventilate around their favorite colors and art fiends who max out credit cards to show hunks of metal they think can change the world, Bosker grew fixated on understanding why art matters and how she or any of us could engage with it more deeply. In Get the Picture, Bosker throws herself into the nerve center of art and the people who live for it: gallerists, collectors, curators, and of course, artists themselves—the kind who work multiple jobs to afford their studios while scrabbling to get eyes on their art. As she stretches canvases until her fingers blister, talks her way into A-list parties full of billionaire collectors, has her face sat on by a nearly naked performance artist, and forces herself to stare at a single sculpture for hours on end while working as a museum security guard, she discovers not only the inner workings of the art canonization machine but also a more expansive way of living. Probing everything from cave paintings to Instagram and from the science of sight to the importance of beauty as it examines art's role in our culture, our economy, and our hearts, Get the Picture is a rollicking adventure that will change the way you see forever.      **The**
