Designing the American Century Thomas J. Campanella, 2025-06-10 A richly illustrated look at the lives and collaborations of two unsung giants of American landscape and urban design Gilmore D Clarke and Michael Rapuano were the foremost spatial designers of the American century Their vast portfolio of public landscapes propelled the legacy of Frederick Law Olmsted and Calvert Vaux into the motor age touching the lives of millions and changing the face of the nation Designing the American Century recovers the forgotten legacy of Clarke and Rapuano whose parks and parkways highways and housing estates helped modernize for better or worse the American metropolis With the patronage of public works titan Robert Moses Clarke and Rapuano transformed New York over a span of fifty years revitalizing the city s immense park system but also planning expressways public housing and urban renewal projects that laid waste to entire sections of the city In this groundbreaking work Thomas J Campanella describes how Clarke and Rapuano helped create some of the metropolitan region s most iconic landscapes from the Central Park Zoo and Conservatory Garden to the Henry Hudson Parkway and Riverside Park Jones Beach the Palisades and Taconic State Parkways and the Brooklyn Heights Promenade He shows how they left their mark far beyond Gotham as well with projects as diverse as Yellowstone s Mammoth Hot Springs the Mount Vernon Memorial Highway site plans for the Pentagon and CIA headquarters and Montreal s Olympic Park Richly illustrated with a wealth of previously unpublished drawings plans and photographs Designing the American Century fills one of the last major gaps in the history of American urbanism

Foreign Office, 1969 *Redefining Geek* Cassidy Puckett, 2022-04-20 A surprising and deeply researched look at how everyone can develop tech fluency by focusing on five easily developed learning habits Picture a typical computer geek Likely white male and someone you d say has a natural instinct for technology Yet after six years teaching technology classes to first generation low income middle school students in Oakland California Cassidy Puckett has seen firsthand that being good with technology is not something people are born with it s something they learn In Redefining Geek she overturns the stereotypes around the digitally savvy and identifies the habits that can help everyone cultivate their inner geek Drawing on observations and interviews with a diverse group of students around the country Puckett zeroes in on five technology learning habits that enable tech savvy teens to learn new technologies a willingness to try and fail management of frustration and boredom use of models and the abilities to use design logic and identify efficiencies In Redefining Geek she shows how to measure and build these habits and she

demonstrates how many teens historically marginalized in STEM are already using these habits and would benefit from recognition for their talent access to further learning opportunities and support in career pathways She argues that if we can develop recognize and reward these technological learning habits in all kids especially girls and historically marginalized racial and ethnic groups we can address many educational inequities and disparities in STEM Revealing how being good with technology is not about natural ability but habit and persistence Redefining Geek speaks to the ongoing conversation on equity in technology education and argues for a more inclusive technology learning experience for all students **Nuclear Science Abstracts** ,1964 America, History and Life ,2007 Article abstracts and citations of reviews and dissertations covering the United States and Canada **Subject Guide to Books in Print** ,1983 **Paperbound Books in Print** ,1984
