life more than once. Ethan thinks he must be a guardian angel. But Ryan works for CHERUB, a secret organisation with one key advantage: even experienced criminals never suspect that children are spying on them. Ethan's family runs a billion-dollar criminal empire, and Ryan's job is to destroy it. Can Ryan complete his mission without destroying Ethan as well? For official purposes, these children do not exist. The Killing Robert Muchamore, 2012-01-05 Leon is a small-time crook who's ridden his luck for three decades. When he starts splashing big money around, the cops are desperate to know where it came from. They call in CHERUB, a secret organisation with one essential advantage: even experienced criminals never suspect that children are spying on them. James' latest mission looks routine, but the plot he begins to unravel isn't what anyone expected. And the only person who might know the truth is a reclusive eighteen-year-old boy. There's just one problem: the boy fell to his death thirteen months earlier. **The Sleepwalker** Robert Muchamore, 2012-03-01 An airliner explodes over the Atlantic, leaving 345 people dead. Crash investigators suspect terrorism, but they're getting nowhere. A distressed twelve-year-old calls a police hotline and blames his father for the explosion. It could be a breakthrough, but there's no hard evidence, and the boy has a history of violence and emotional problems. Only CHERUB agents can unearth the truth. They're trained professionals with one essential advantage: adults never suspect that children are spying on them. For official purposes, these children do not exist.

Maximum Security Robert Muchamore, 2014-04-22 CHERUB agents are all seventeen and under. They wear skate tees and hoods and look like regular kids. But they're not. They are trained professionals who are sent out on missions to spy on terrorists and international drug dealers. CHERUB agents hack into computers, bug entire houses, and download crucial documents. It is a highly dangerous job. For their safety, these agents DO NOT EXIST. Two hundred eighty child criminals live in the sunbaked desert prison Arizona Max. One of them is the son of a weapons dealer who has been selling U.S. missiles to terrorists. If CHERUB can get the kid, they can get the parent. Over the years, CHERUB has put plenty of

criminals behind bars Now for the first time ever they've got to break one out **Class A** Robert Muchamore, 2011-12-15

When CHERUB kids go undercover no one suspects that they are trained professionals working to infiltrate criminal organisations that have eluded MI5 and the police for years James Adams is on his biggest mission yet working to nail Europe's most powerful cocaine dealer He'll need all his specialist training if he's going to bring down the man at the top The reason for CHERUB's existence is simple adults never suspect that children are spying on them For official purposes these children do not exist **Man vs Beast** Robert Muchamore, 2012-02-02 Every day thousands of animals die in laboratory experiments Some say these experiments provide essential scientific knowledge while others will do anything to prevent them James and Lauren Adams are stuck in the middle They're CHERUB agents Trained professionals with one essential advantage adults never suspect that children are spying on them For official purposes these children do not exist Black Friday Robert Muchamore, 2013-09-05 The fifteenth title in the number one bestselling CHERUB series Ryan is about to board a plane knowing that the next twenty four hours will change everything His mission is to stop the biggest terrorist attack America's ever seen Ryan works for CHERUB a secret organisation with one key advantage even a trained terrorist won't suspect that a teenager is spying on them For official purposes these children do not exist **The Prisoner** Robert Muchamore, 2012-10-04 One of Henderson's best agents is being held captive in Frankfurt A set of forged record cards could be his ticket to freedom but might just as easily become his death warrant A vital mission awaits him in France if he can find a way to escape
