The Happiness Advantage Shawn Achor,2010-09-21 A Harvard lecturer identifies seven core principles of positive psychology to counsel readers on how to achieve greater effectiveness and fulfillment in the workplace explaining the role of happiness in enabling success and productivity Simultaneous Book available **Happiness Times Two** Bayne Wetmore,2022-04-15 The universe is over 13 billion years old The sun is one million times larger than the earth The earth is inhabited by trillions and trillions of life forms and we are one of the billions of people who inhabit our world yet from our point of view we are the most important thing to have ever existed You will find more amazing facts inside the book which will relate more directly to your life and will help you determine how happy your life will be I m not saying every day will be sunshine and roses We all know bad things will come our way through no fault of our own and we will have to deal with events in our lives that will cause us anguish and sorrow but armed with the ideas in this book we should be able to rise above the negative events that happen in all people s lives and live the kind of happy life we all deserve Positive psychologists say we are born with 40 percent of our potential for happiness which is genetic another 10 percent of how good we feel is caused by our environment and the media which leaves 50 percent of our potential to be happy for us to work with That s a potential for 100 percent more happiness in our lives if we know how to get it That s why I ve written this book and am giving this gift to you Read it study what you find in it and put as many of these ideas into your life as you possibly can See if you don t feel happier If you also feel happier it will make me happier too Best of luck Bayne Wetmore I choose to be happy This book is full of amazing facts you need to know Sharon Kay Summerford energy practitioner This is his best book by far Ken Persky Atomic Thoughts Gurudas Bandyopadhyay,2024-07-17 Atomic Thoughts is an inspirational personal development and self help book to guide people to realize power of their tiny thoughts which can enhance their brain fitness and increase will power Dr Gurudas Bandyopadhyay has shown in simple steps how people can master their mindset citing personal

stories with strong conviction Actionable takeaways are stated in clear terms at end of each step to help readers to practice what is learnt Readers will never be the same person if they read the book earnestly and follow the instructions Capture and Analyze Thoughts Think positives and Build Your Routine with positive Mindset Follow Self Care Codes and Improve Mental Capital Skyrocket your growth in Simple 4 Steps The self care codes highlighted herein are easy to follow and develop self confidence and improving psychological capabilities People mostly lack self confidence and quit trying for success It is common tendency of human mind to stay in peace and not getting engaged in challenging tasks But a stitch in time may make life easier and fulfilling in the long run It is better to learn and develop your mind now than to repent in future It is a no brainer offer Pick a copy almost free and just start reading it NOW Jot down action points and go on You will change and cannot remain as the same person This book primarily aims to form your mental toughness so that you do not look back in despair rather look ahead always with strong determination As you will remain engaged with positive mindset your strengths will be strengthened As food is for physical health so reading is for mental health Go through the four steps as stated in this book look inside the summary at end of each chapter and enjoy healthy happy prosperous and meaningful life **Summary**
