Research Handbook on Values Education and Student Wellbeing Terence Lovat, Ron Toomey, Neville Clement, 2010-08-05

Informed by the most up to date research from around the world as well as examples of good practice this handbook analyzes values education in the context of a range of school based measures associated with student wellbeing These include social emotional moral and spiritual growth elements that seem to be present where intellectual advancement and academic achievement are being maximized This text comes as values education widens in scope from being concerned with morality ethics civics and citizenship to a broader definition synonymous with a holistic approach to education in general This expanded purview is frequently described as pedagogy relating to values and wellbeing This contemporary understanding of values education or values and wellbeing pedagogy fits well with recent neuroscience research This has shown that notions of cognition or intellect are far more intertwined with social and emotional growth than earlier educational paradigms have allowed for In other words the best laid plans about the technical aspects of pedagogy are bound to fail unless the growth of the whole person social emotional moral spiritual and intellectual is the pedagogical target Teachers and educationalists will find that this handbook provides evidence culled from both research and practice of the beneficial effects of such a values and wellbeing pedagogy *The Encyclopedia Americana: Civilization-Coronium* , 2000 The Liberal Arts Gene C. Fant Jr., 2012-05-31 An excellent liberal arts education holds purpose giving and society shaping power But how do we tap into that power and make the most of liberal learning for the glory of God Professor Gene Fant teaches how to maximize a liberal arts education by outlining its history criticisms purposes and benefits Ultimately he shows that liberal learning equips us to become spiritually and intellectually empathetic people who are passionate about serving God the church and the world
