Herman, 1992-06-11 Examines how people adapt to traumatic events such as rape domestic violence terrorism and combat discusses the healing process and provides a framework for treatment **Truth and Repair** Judith Lewis Herman, 2023-03-14 From one of America's most influential psychiatrists an extraordinary and profound New York Times manifesto for reimagining justice for survivors of sexual trauma The MeToo movement brought worldwide attention to sexual violence but while the media focused on the fates of a few notorious predators who were put on trial we heard far less about the outcomes of those trials for the survivors of their abuse The conventional retributive process fails to serve most survivors it was never designed for them Renowned trauma expert Judith L. Herman argues that the first step toward a better form of justice is simply to ask survivors what would make things as right as possible for them In *Truth and Repair* she commits the radical act of listening to survivors Recounting their stories she offers an alternative vision of justice as healing for survivors and their communities Deeply researched and compassionately told *Truth and Repair* envisions a new path to justice for all **Trauma and Recovery** Judith L. Apocalypse Against Empire Anthea Portier-Young, 2014-01-09 The year 167 B C E marked the beginning of a period of intense persecution for the people of Judea as Seleucid emperor Antiochus IV Epiphanes attempted forcibly and brutally to eradicate traditional Jewish religious practices In *Apocalypse against Empire* Anthea Portier Young reconstructs the historical events and key players in this traumatic episode in Jewish history and provides a sophisticated treatment of resistance in early Judaism Building on a solid contextual foundation Portier Young argues that the first Jewish apocalypses emerged as a literature of resistance to Hellenistic imperial rule In particular Portier Young contends the book of Daniel the Apocalypse of Weeks and the Book of Dreams were written to supply an oppressed people with a potent antidote to the destructive propaganda of the empire renewing their faith in the God of the covenant and answering state terror with radical visions of hope

God and the Victim Jennifer Erin Beste, 2007-09-28 Christian tradition holds that an individual s ability to respond to God s grace to love both God and neighbor is not wholly vulnerable to earthly contingencies such as victimization Today however trauma theory insists that situations of overwhelming violence can permanently damage a person s capacity for responsive agency For Christians this theory raises the very troubling possibility that humans can inflict ultimate harm on each other such that some individuals eternal destiny can be determined not by themselves but by those who do great harm Offering crucial insights that lead to a more adequate understanding of the relation between Gods grace and human freedom Bestes important theory reconfigures our visions of God and humanity and alters our perceptions of what it means to truly love ones neighbor

A Delicate Choreography David Sabeen, 2023-10-24 The origins of the incest taboo have puzzled many of the most influential minds of the West from Plutarch to St Augustine St Thomas Aquinas Martin Luther David Hume Lewis Henry Morgan Sigmund Freud Emile Durkheim Edward Westermarck and Claude Lévi Strauss This book puts the discussion of incest on a new foundation It is the first attempt to thoroughly examine the rich literature from philosophical theological and legal treatises to psychological and biological genetic studies to a wide variety of popular cultural media over a long period of time The book offers a detailed examination of discursive and figurative representations of incest during five selected periods from 1600 to the present The incest discussion for each period is complemented with a presentation of dominant kinship structures and changes without arguing for causal relations Part I deals with the legacy of ecclesiastical marriage prohibitions of the Middle Ages Historians dealing with the Reformation have wondered about the political and social implications of theological debates about the incest rules the Enlightenment opted for sociological considerations of the household and a new anthropology based on the passions Baroque discourse focused upon sexual relations among kin by marriage while Enlightenment and Romantic discussions worried the intimacy of siblings The first section of Part II deals with the six decades around 1900 during which European and American cultures obsessed about the sexuality of women Almost everyone concurred in the idea that mother made the family what it was that she configured the household kept the lines of kinship vibrant and stood at the threshold as stern gatekeeper and many thought that she managed these tasks through her sexuality and an eroticized relationship with sons Another story line taken up in the section Intermezzo this one about the physical and mental consequences of inbreeding appeared after 1850 To what extent do close kin marriages pose risks for progeny At its center lay the incest problematic now restated Is avoidance of kin genetically programmed Do all cultures know about risks of consanguinity As for the twenty first century evolutionary and genetic assumptions are challenged by a living world population containing roughly one billion offspring of cousin marriages Part III deals with one of the perhaps most remarkable reconfigurations of Western kinship in

the aftermath of World War I The shift from an endogamous to an exogamous alliance system centered on the nuclear family An historical anomaly this family form began to dissolve almost as soon as it came together and in the process shifted the focus of incest concerns to a new pairing father and daughter By the 1970s when the father daughter problematic swept all other considerations of incest aside that relationship had come to be modeled for the most part around power and its abusive potential As for incest its representations in the last three decades of the twentieth century no longer focused on biologically damaged progeny but rather on power abuses in the nuclear family sexual abuse By the mid 1990s Western culture at least partly redirected its gaze away from father and daughter towards siblings especially towards brothers and sisters and the sexual boundaries and erotics of their relationships Correspondingly siblings became a model organism for psychotherapy evolutionary biology and the science of genetics

Challenging Contextuality, 2024-07-31 Challenging Contextuality Bibles and Biblical Scholarship in Context provides a new and innovative contribution to the study of biblical texts by bringing together current approaches to biblical interpretation The volume sets the agenda for the future of the field and provides a synthesis of approaches to date In doing so it aligns itself with the broadly shared hermeneutical conviction that contextuality is a catalyst for interpretation This applies in equal measure to approaches and methods that are often framed as traditional or mainstream e g the methodological canon of the historical critical approach as the offspring of the European Enlightenment and those that are often dubbed contextual e g forms of feminist or indigenous interpretation The volume grounds contextual biblical interpretation within the broader landscape of biblical studies and the chapters are all interested in the contexts in which bibles are read Rather than a series of examples of contextual biblical interpretation this book is concerned with what it means to do contextual biblical interpretation how contextual biblical interpretation challenges biblical scholarship and what chances there are for this mode of inquiry What contexts are engaged and elucidated when it comes to bible use What contexts are made visible and invisible How can different contexts be theorized and understood The volume argues that it is not context that matters rather contemporary contexts should be a challenge and a chance for biblical scholarship its present and its future

Humor, Resistance, and Jewish Cultural Persistence in the Book of Revelation Sarah Emanuel, 2020-01-09 Empire critical and postcolonial readings of Revelation are now commonplace but scholars have not yet put these views into conversation with Jewish trauma and cultural survival strategies In this book Sarah Emanuel positions Revelation within its ancient Jewish context Proposing a new reading of Revelation she demonstrates how the text s author a first century CE Jewish Christ follower used humor as a means of resisting Roman power Emanuel uses multiple critical lenses including humor trauma and postcolonial theory together with historical critical methods These approaches enable a deeper understanding of the Jewishness of the early Christ centered movement and how Jews in antiquity related to their cultural and religious identity Emanuel s volume offers new insights and fills a gap in contemporary scholarship on Revelation and biblical scholarship more broadly

Feeling Trapped James Ptacek, 2023-01-24 The

relationship between class and intimate violence against women is much misunderstood While many studies of intimate violence focus on poor and working class women few examine the issue comparatively in terms of class privilege and class disadvantage James Ptacek draws on in depth interviews with sixty women from wealthy professional working class and poor communities to investigate how social class shapes both women s experiences of violence and the responses of their communities to this violence Ptacek s framing of women s victimization as social entrapment links private violence to public responses and connects social inequalities to the dilemmas that women face *Redemptive Memory* Fran Leeper Buss,2024-11-12
