Jump Off The Deep End A Cautionary Tale Book 1:

Jump Off: The Deep End Traci Morris, 2014-12-18 A Good Girl Gets Caught Up Don't Judge Me Until You've Heard My Story Always perfect Merci Townsend gets tangled into a relationship she never fathomed with an engaged older high powered business man In the process she earns a sordid status Jump Off Going against everything she was brought up to believe her life goes into a downward spiral challenging her secret belief that she could make it without God Wealthy millionaire business heir James Jansen III stokes the desires of women everywhere with his dynamic looks and powerful status On the surface he seems like the generic hero out of a romance novel Underneath the truth is anything but He is unconditionally and irrevocably human Jump Off The Deep End is a Christian Cautionary Tale of Fiction that is UNAPOLOGETICALLY REAL contemporary and full of romance With elements of humor and the sobering truth it is

inspirational without being too religious and full of surprises **1% Leadership** Andy Ellis, 2023-04-18 One of the most well known and experienced cybersecurity leaders shares dozens of lessons and observations that anyone at any stage of their career can use to create a work culture of continuous improvement and strong leadership Leadership development speaker it rarely fits into an acronym or a dogmatic overarching philosophy Ellis says that there are no irrefutable laws of leadership or power there is no secret As a result 1% Leadership does not provide one path to leadership it provides dozens of practical lessons that anyone at any stage of their career can use continuously make tiny 1% at a time improvements 1% Leadership is a handy guidebook that business readers can regularly apply to identify blind spots boost morale both personal and among teams and organizations and solve problems at work Readers can spend a few minutes each Monday morning to focus on one lesson for their leadership development perhaps that lesson only improves their performance by 1% but it's those accumulated 1% improvements that separate the best leaders from everyone else Lessons include To engage in the present be of two minds about the future Worrying about failure will make success even more unlikely Only by engaging in the present with that worry set aside can we find the path to success Four days of great work now are rarely more important than four months of good work down the road Show that long term wellness matters Performance development should be applied to every person on your team Rather than treating the performance process as a way to identify and document poor performers create a process that aims to improve and develop every person on your team **The Bulletin**, 1889 **A**
