**Lone Wolf: True Stories Of Spree** Pan Pantziarka, 2014-10-31 Cases of lone killers embarking on slaughter sprees have occurred with frightening regularity since the late 1980s People like Michael Ryan Thomas Hamilton Martin Bryant and Oklahoma bomber Timothy McVeigh What drives these men and it is always men to turn on friends family and strangers in acts of senseless rage and slaughter In the wake of the summer of 1999 in which four incidents of spree killing shocked the world this is a look at a chilling new trend of brutal and indiscriminate killing that blights our civilized society [Felix Holt, the True Story](#) P L Quinn, 2017-06-28 Felix Holt the True Story is a critical examination of Felix Holt the Radical 1866 by George Eliot Since the novel's publication it has automatically been assumed that the fictional East Midlands market town of Treby Magna where the novel is set must be based upon the Nuneaton of George Eliot's childhood However this assumption has made the novel largely unreadable Whilst Eliot's childhood and her earlier novels are informative towards the construction of Felix Holt the Radical this study proposes that the Treby community is based upon the East Midlands market town of Leicester by far the oldest East Midlands community It is also proposed that Eliot wanted to write a novel with a similar impact to Cranford by Elizabeth Gaskell 1851 1853 in which the community finally pulls together Hence it is determined that Eliot wrote Felix Holt the Radical as a means of unifying the varying rifts of Christian eclecticism into her mode of Humanism **The True Story of the Holy Family** Dennis J. Campbell, 2022-03-14 Movies and television series are excellent tools for teaching political science and international relations Understanding how stories in various film and television genres illustrate political ideas can better assist students and fans understand and appreciate the political subtext of these media products This book examines politics through five

film genres and their variants Gangster movies focus on American and other organized crime They reached their zenith in the films of Francis Ford Coppola and Martin Scorsese Political thrillers express paranoia about secrecy and political conspiracies while action movies channel anger at foreign and domestic threats to order Superhero films and TV present modern characters who seek to serve society as they face personal struggles about their individual identities War movies promote positive images of wars when conflicts are perceived as successful but often include antiwar messages when wars turn out badly Western movies fell out of favor in the 1970s and 1980s but have undergone a renaissance since the 1990s Westerns can be taken as either political parables or as meditations on policing anarchy community organization The author argues that while these genres all offer escape they also offer important political lessons
