The background of the cover is a photograph of a calm body of water. A series of dark, smooth, rounded stones are arranged in two parallel lines that recede into the distance, creating a strong sense of perspective. The water is a light, pale blue, and the sky above is a very light, hazy blue. The overall mood is serene and contemplative.

In the language of academics, they constitute a Festschrift, a festival of scholarly writing performed to celebrate the career of a person who produced and stimulated others to produce exactly such contributions throughout a long, valuable, and productive professional history. Since 1955, Dr. Bijou had worked almost exclusively within the approach variously labelled as the functional analysis of behavior, the experimental analysis of behavior, operant conditioning, or Skinnerian psychology.
