

Biology Study Guide

Test 1

Basics of Biology

What is the definition of biology?

The study of living organisms, divided into many specialized fields that cover their morphology, physiology, anatomy, behavior, origin, and distribution.

How does biology affect society? Give four examples.

Can affect your decision making, makes you more informed on everyday events, improves food supply, and makes us more informed about our environment and how to help it.

Name all the necessities of life.

Food and water, shelter, and clothes.

What are the three themes of biology we discussed in the first chapter?

Diversity, interdependence, and evolution.

The tree of life is an example of which one of these themes?

The tree of life is a product of evolution.

Describe the three domains. Give examples of each domain.

Diversity- is the variety of life on earth. This includes all the different plants, animals, and microorganisms, the genes they contain, and the ecosystems they form on land and in water.

Interdependence- is mutual dependence between plants and animals.

Evolution- is change in the heritable characteristics of biological populations over successive generations.
