The Flat Earth as Key to Decrypt the Book of Enoch Zen Garcia,2015-09-26 Shortly after accepting the flat earth as a model for the world I decided to revisit the Book of the Courses of the Heavenly Luminaries to see if my new understanding would somehow mirror what Enoch was sharing as the motion of the sun and moon As I began to read chapters 71 82 I found to my utter amazement that I was able to grasp those passages I knew then that the vision that the angel Uriel had shown to Enoch could only be deciphered if one were to imagine Enoch s description of the revolution of the sun and the moon As seen from above the flat circular plane of the earth as described by Isaiah and that Enoch must have been taken up to perhaps where Polaris is centered directly above the North Pole and while looking down at the backdrop of the earth was instructed on the motions of both the sun and moon Without such conception it is in my opinion impossible to apply these descriptions to the model of the earth as a spherical planet
