Eurojihad Angel Rabasa, Cheryl Benard, 2015 *Eurojihad* examines the scope of Islamist extremism and terrorism and the sources of radicalization in Muslim communities in Europe Islamist Terrorism in Europe Petter Nesser, 2018-09-01 Europe is still facing an increase in terrorist plotting This has led to growing security concerns over the fallout of the Syrian conflict and the sizeable contingents of battle hardened European foreign fighters who are seeking to return home This book provides a comprehensive account of the rise of jihadist militancy in Europe and offers a detailed background for understanding the current and future threat Based on a wide range of new primary sources it traces the phenomenon back to the late 1980s and the formation of jihadist support networks in Europe in the early 1990s Combining analytical rigor with empirical richness Petter Nesser offers a comprehensive account of patterns of terrorist cell formation and plots between 1995 and 2017 In contrast to existing research which has emphasized social explanations failed immigration and homegrown radicalism this book highlights the transnational aspects It shows how jihadi terrorism in Europe is intrinsically linked to and reflects the ideological agendas of armed organizations in conflict zones and how entrepreneurial jihad veterans facilitate such trans nationalization of militancy Jihadism, Foreign Fighters and Radicalization in the EU Inmaculada Marrero Rocha, Humberto Trujillo Mendoza, 2018-11-20 *Jihadism Foreign Fighters and Radicalization in the EU* addresses the organizational and strategic changes in terrorism in Europe as a result of urban jihadism and the influx of foreign fighters of European nationality or residence Examining the different types of responses to the treatment of radicalization and its consequences in the recruitment of young urban fighters and jihadists this book offers a framework for understanding the process of violent radicalization It critically analyses political and legal responses that have taken place within the European framework whilst also examining a series of functional responses from social and behavioural psychology This book then goes on to develop an explanatory model from an economic standpoint exploring the need to adapt the fight against the financing of terrorism to the changes in the sources of financing jihadist cells and foreign fighters Furthermore the volume draws on experience from the prison sector to assess the process of radicalization and the possibilities of intervention Taking an interdisciplinary approach this book will be of great interest to students of terrorism and counter terrorism radicalization European politics radical Islam and security studies *European Integration* Johann P. Arnason, 2019-12-30 To understand the current difficulties and future prospects of European integration multiple perspectives are required The essays in this collection explore historical and geopolitical aspects of European integration and their relevance to interpretations of the current climate They also examine the different regional dynamics of integration and the attitudes that result from those experiences including in the European peripheries that are so often overshadowed by the dominant centres In drawing all of these perspectives together the collection allows the reader to assess the EU s current crisis in context Countering Terrorism, Preventing Radicalization and Protecting Cultural Heritage A. Niglia, A. Al Sabaileh, A. Hammad, 2017-05-30 One of

Muslim Youth in the Diaspora Pam Nilan, 2017-02-17 In a world where the term Islam is ever increasingly an inaccurate and insensitive synonym for terrorism it is unsurprising that many Muslim youth in the West struggle for a viable sense of identity This book takes up the hotly debated issue of Muslim youth identity in western countries from the standpoint of popular culture It proposes that in the context of Islamophobia and pervasive moral panic young Muslims frame up their identity in relation to external conditions that only see good and bad Muslims on both sides of the ideological fence between Islam and the West Indeed by attempting to break down the good versus bad Muslim dichotomy that largely derives from western media reports as well as political commentary Muslim Youth in the Diaspora Challenging Extremism through Popular Culture will enlighten the reader It illuminates the way in which diasporic Muslim youth engage with and are affected by the radical Islamist meta narrative It examines their popular culture and online activity their gendered sense of self and much more This original book will be of interest to students and scholars interested in the fields of sociology cultural studies and social anthropology It offers a particular focus on Islam for research in youth studies youth culture political radicalisation and religious identity It will also be relevant to the sector of youth and social work where practitioners seek to build cultural bridges with a new generation

Religious Appeals in Power Politics Peter S. Henne, 2023-10-15 Religious Appeals in Power Politics examines how states

use or attempt to use confessional appeals to religious belief and conscience to advance political strategies and objectives Through case studies of the United States Saudi Arabia and Russia Peter S Henne demonstrates that religion although not as high profile or well funded a tool as economic sanctions or threats of military force remains a potent weapon in international relations Public policy analysis often minimizes the role of religion favoring military or economic matters as the important arenas of policy debate As Henne shows however at transformative moments in political history states turn to faith based appeals to integrate or fragment international coalitions Henne highlights Saudi Arabia s 1960s rivalry with Egypt the United States s post 9 11 leadership in the global war on terrorism and the Russian Federation s contemporary expansionism both to reveal the presence and power of calls for religious unity and to emphasize the uncertainty and anxiety such appeals can create Religious Appeals in Power Politics offers a bold corrective to those who consider religion as tangential to military or economic might

Religious Violence, Political Ends Marco Demichelis, 2018-11-01 Politisch begründete religiöse Gewalt war und ist seit der Antike eine gängige Praxis Die Gräueltaten des Römischen Reiches gegen die frühchristlichen Gemeinschaften wurden schnell durch nicht minder aggressive Handlungen gegen die nicht christlichen Gläubigen ersetzt denen abscheuliche und polytheistische Praktiken vorgeworfen wurden Mit dem Aufkommen der Moderne hat die Homogenisierung der religiösen Sphäre für politisch ökonomische Zwecke die Vernichtung jeder Form von Heresie und die Ausbreitung des Protestantismus des Calvinismus und des Anglikanismus eine Umstrukturierung und Konzeptualisierung der westeuropäischen Staaten bewirkt ganz nach der Devise ein Königreich mit einer Religion und einer Nation Das Ende der Religionskriege 1648 die Westfälische Souveränität und der *cuius regio eius religio* hatten Einfluss auf die Bildung des modernen Europa und anderer Regionen der französisch britische Kolonialismus zwang dabei dem gesamten Nahen Osten und der islamischen Welt das gleiche System auf Der vorliegende Band widmet sich der Untersuchung von interreligiöser Gewalt religiösem Sektierertum und Islamophobie auf theoretischer Basis verbunden mit dem Kampf der Kulturen und dem Religiösen Nationalismus als Ausdruck politischer Ziele mit denen die Erhaltung der Fragmentierung und der kriegesischen Auseinandersetzungen im Osten sowie das Schüren von Ängsten und Vorurteilen im Westen verfolgt werden Religious violence due to political reasons has been a common practice since ancient times The massacres of early Christian communities carried out by the Roman Empire were rapidly replaced by equally harsh measures against non Christian believers being accused of abominable and polytheistic practices The advent of the modern age the homogenization of the religious sphere for political economic ends the annihilation of any kind of heresy and the emergence of Protestantism Calvinism and Anglicanism restructured the conceptualization of the Western European States emphasizing the adage one kingdom with one religion and one nation The end of the religious wars 1648 the Westphalian sovereignty and the *cuius regio eius religio* had an impact on the formation of Europe and other regions the Franco British colonialism imposed the same system on the entire Middle Eastern and Islamic World This volume thoroughly examines the usage of inter religious violence

religious sectarianism and Islamophobia on a theoretical basis linked with Clashes of Civilizations and Religious Nationalism and describes them as manifestations of precise political ends aiming to preserve fragmentation and warlike states in the East as well as fear and prejudices in the West Handbook of Political Islam in Europe Thomas Jäger, Ralph Thiele, 2024-03-31 This book approaches the field of Political Islam from a European security perspective Featuring various case studies and country surveys written by respected experts in the field it offers a comparative perspective and comprehensive overview of the ideology and prevalence of Political Islam and its actors in more than 20 European states The respective contributions identify key actors of Political Islam and reveal the activities means and strategies they pursue and employ across the continent They also discuss if and how Political Islam could undermine the Western liberal democratic order and its associated values By doing so the volume offers approaches to analyzing Political Islam and thereby strengthening the resilience of liberal democratic societies while also protecting Muslims from the radical ideology and agenda of Political Islam Chapter Hybridizing Islam in the Balkans The Rise of Salafi Hanafism in Bulgaria is licensed under the terms of the Creative Commons Attribution 4.0 International License <http://creativecommons.org/licenses/by/4.0/> For further details see license information in the chapter div **Islam in the West** Abe W. Ata, Jan A. Ali, 2018-08-28 The bombings in New York and Washington in 2001 and subsequent terrorist attacks in different countries of the West have led to fast changing socio cultural and political contexts where Islam has been depicted as a global threat The meaning of being a Muslim has undergone rapid transformation with the interplay of perceptions and misperceptions impacted by for instance the Iranian Revolution of 1978-9 the Lockerbie bombing in 1988 the Gulf War of 1990-1 and the clash of civilizations thesis propagated by Samuel Huntington in 1993 This book examines the way Muslims and mainstream societies in the West perceive each other by taking into account themes like cultural pluralism media religious education interfaith dialogue and so on It argues that Muslims are not defined solely by their faith but as an emerging group which is self critical reflective and focused on clearing the misconceptions associated with their identity Further it posits that Westerners who are more knowledgeable about Muslims usually express positive opinions about Islam thereby arguing that the knowledge about and attitudes towards Islam are interrelated *Female Terrorism in America* Jonathan Matusitz, Elena Berisha, 2020-09-17 This book provides a comprehensive analysis of female terrorism in America both past and present The volume takes a fresh look at women's actions of left wing political violence right wing political violence and religious extremist violence among others It also examines the multitude of roles that women have played over the past few decades in such organizations including leadership positions and more passive roles not to mention the diverse methods of recruitment radicalization and propaganda The objective of this book is to examine using a wide range of case studies facts statistics and theoretical methodologies how collective or personal factors have influenced or reinforced the actions that these women take Government agencies continue to underestimate the ability of women to support and perpetrate terrorism As such the United States is facing a wholly

inaccurate and incomplete picture of the complexities of domestic terrorism and this is contributing to a serious neglect of the issue at the national level This volume ultimately aims to offer policy relevant solutions to decrease the threat of domestic female political violence in the United States Female Terrorism in America will be of much interest to students of terrorism and political violence American politics gender studies and sociology *Understanding Salafism* Mohamed-Ali Adraoui,2022-11-03 This book addresses the issue of one of the most visible and debated currents in contemporary radical Islam It sheds light on the history the fundamental principles and the political and religious translations of Salafism and explains current events involving Salafist actors in an objective and dispassionate manner The author explains with precision the different contemporary Salafist mobilizations by illustrating them with specific cases while shedding light on the main debates related to this mode of understanding of the Muslim religion such as its potential role in triggering certain forms of violence the way to compare it to other fundamentalist versions in other religions or the way to describe in terms of social sciences the main concepts and discourses that can be observed in this current of Islam today
