

Algebra I End of Course Exam Answer Key

Question 1

Reporting Category: Algebraic Concepts and Procedures

Common Core Standard: F-IF.4: For a function that models a relationship between two quantities, interpret key features of graphs and tables in terms of the quantities, and sketch graphs showing key features given a verbal description of the relationship. Key features include: intercepts; intervals where the function is increasing, decreasing, positive, or negative; relative maximums and minimums; symmetries; end behavior; and periodicity.

Answer Key: B

Which graph changes from increasing to decreasing after $y = 4$?

A.

This answer is not correct. This graph changes from decreasing to increasing where $y = 4$, which is the opposite of the change we are looking for. The graph should have a maximum at that point, not a minimum.
