The Shakespeare Project and Ensuing Essays Ethan Lewis, 2015-06-18. For twenty-plus years on a small Midwestern campus, Dr. Lewis has directed The Shakespeare Project, a seminar scrutinizing four to six plays per semester with a cadre of accompanying sonnets. Master a method of reading the Bard through focus on a small set of texts. Scattershot survey his syllabi promise, and one not only could but would want to read Shakespeare not for an age but for all time. Ben Jonson, all one's life. The Bard's idiom, though complex, proves eminently comprehensible, as have observed such scholars as Kermode, Vendler, Bloom, Garber, Greenblatt, Nuttall, Booth, Eliot, Auden, and others. This book, the harvest of Lewis' endeavor, consists of three parts: the seminar essay syllabi, a collection of close readings of Othello, Macbeth, Hamlet, Henry VIII, Timon, and The Sonnets, and a series of footnotes intended as mini-master essays on minutiae. The Project is grounded on the originary definition of scholarship as studying in school and offers a revisionary reading of three minor characters in Shakespeare's tragedies: Emilia, Albany, and Siward, in the process of contending for a sensible coalescence of old-fashioned character criticism with New Critical and Poststructural perspectives. The text also formulates criteria for responsible reading via triple vision: perceiving the work as at once reality, poem, and play; a method forwarded through addressing ethical matters in the works: faith in Hamlet, conscience in Henry VIII, stewardship in Timon of Athens. The Shakespeare Project models reinfusing Shakespeare as terrain for critical thinking that affects everyday life.

Remembering Forever Dallas G. Releford, 2001-08. Young government agents Mark Peters and Elizabeth Morgan think they are investigating a mad serial killer until they encounter aliens, ghost pirates, a rogue government contractor who has developed a way to enslave people's memories in a computer chip, and a robot army out to take over the world. Add a little suspense, mass murder, mystery, young romance, and a demanding boss, and you have an adventure that you will never forget. Follow these two adventurers into the realm of science fiction like you have never read before.

Of God and Guppies Tom Dauria, 2025-05-12. At a time when virtually all kids went to church on Sunday or synagogue on Saturday, if one child was killed, the entire country knew and mourned. In any society, things aren't supposed to get worse. They're supposed to get better. As we distance ourselves from God, we bring ourselves evermore dangerously closer to despair and disaster. And for the first time in our nation's history, kids are killing each other. Anyone can snap, but it should suffice to say that none of these twisted, disillusioned, murderous youth was an orthodox Jew or devout church-going Christian. Thanks to our school system, too many of our kids are godless. Not long ago, non-denominational songs of faith were sung, and the pledge of allegiance was

recited in every public school Soon any discussion of any literature on Judeo Christian faiths was forbidden and today any mention of such is sneered at smirked at and even gleefully besmirched at the risk of shaming a sensitive young Christian or Jewish student by the easily irritated educators on such matters Educators who explicitly seek any such profession for just this purpose ironically profess to be adamantly averse to any bullying This book exposes this enigma and reveals the logic and evidence of God that has been long overlooked or denied It also points to the pending aftermath of hedonism This book is essential if anyone wants a reason to believe or wants to help others believe with science and data **Anatomy of the**
