Ex-Communication Peter Clines, 2013-07-11 **Excommunication in Thirteenth-Century England** Felicity Hill, 2022 Excommunication was the medieval church's most severe sanction used against people at all levels of society It was a spiritual social and legal penalty Excommunication in Thirteenth Century England offers a fresh perspective on medieval excommunication by taking a multi dimensional approach to discussion of the sanction Using England as a case study Felicity Hill analyzes the intentions behind excommunication how it was perceived and received at both national and local level the effects it had upon individuals and society The study is structured thematically to argue that our understanding of excommunication should be shaped by how it was received within the community as well as the intentions of canon law and clerics Challenging past assumptions about the inefficacy of excommunication Hill argues that the sanction remained a useful weapon for the clerical elite bringing into dialogue a wide range of source material allows effectiveness to be judged within a broader context The complexity of political communication and action are revealed through public conflicting accepted and rejected excommunications Excommunication could be manipulated to great effect in political conflicts and was an important means by which political events were communicated down the social strata of medieval society Through its exploration of excommunication the book reveals much about medieval cursing pastoral care fears about the afterlife social ostracism shame and reputation and mass communication

The Book Buyer ,1905 *The Prayer-book* Evan Daniel,1894 **Dialogic Openness in Nikos Kazantzakis** Charitini Christodoulou,2012-11-15 In this book Charitini Christodoulou argues that a certain perception of openness that she calls dialogic permeates Nikos Kazantzakis *The Last Temptation* Partly based on Umberto Eco s theory in *Opera Aperta* and Mikhail Bakhtin s notion of dialogism the term dialogic openness refers to the idea of antithetical forces clashing and thus revealing different forms of tension that are not resolved at the end of the novel Thus it is shown that subjectivity and meaning is always in the process of becoming The different aspects of identity formation unfold before the eyes of the reader who becomes a witness to the leading characters process of becoming Christodoulou demonstrates that there are dialogic elements in tension which can only be brought forth not as a synthesis such as the stylistics of a genre implies but as openness perceived as a process of identity formation

The Interdict in the Thirteenth Century Peter D. Clarke,2007-09-06 The interdict was an important and frequent event in medieval society It was an ecclesiastical sanction which had the effect of closing churches and suspending religious services Often imposed on an entire community because its leaders had violated the rights and laws of the Church

popes exploited it as a political weapon in their conflicts with secular rulers during the thirteenth century In this book Peter Clarke examines this significant but neglected subject presenting a wealth of new evidence drawn from manuscripts and archival sources He begins by exploring the basic legal and moral problem raised by the interdict how could a sanction that punished many for the sins of the few be justified From the twelfth century jurists and theologians argued that those who consented to the crimes of others shared in the responsibility and punishment for them Hence important questions are raised about medieval ideas of community especially about the relationship between its head and members The book goes on to explore how the interdict was meant to work according to the medieval canonists and how it actually worked in practice In particular it examines princely and popular reactions to interdicts and how these encouraged the papacy to reform the sanction in order to make it more effective Evidence including detailed case studies of the interdict in action is drawn from across thirteenth century Europe a time when the papacy's legislative activity and interference in the affairs of secular rulers were at their height

Sir William Searle Holdsworth, 1922 *Excommunication and Outlawry in the Legal World of Medieval Iceland* Elizabeth Walgenbach, 2021-05-25 In this book Elizabeth Walgenbach argues that outlawry in medieval Iceland was a punishment shaped by the conventions of excommunication as it developed in the medieval Church Excommunication and outlawry resemble one another often closely in a range of Icelandic texts including lawcodes and narrative sources such as the contemporary sagas This is not a chance resemblance but a by product of the way the law was formed and written Canon law helped to shape the outlines of secular justice The book is organized into chapters on excommunication outlawry outlawry as secular excommunication and two case studies one focused on the conflicts surrounding Bishop Gu mundr Arason and another focused on the outlaw Aron Hj rleifsson *Year-books of the reign of King Edward the Third*, 1888
