The Oxford Handbook of Undergraduate Psychology Education Dana S. Dunn, 2015-08-07. The Oxford Handbook of Undergraduate Psychology Education is dedicated to providing comprehensive coverage of teaching pedagogy and professional issues in psychology. The Handbook is designed to help psychology educators at each stage of their careers from teaching their first courses and developing their careers to serving as department or program administrators. The goal of the Handbook is to provide teachers, educators, researchers, scholars, and administrators in psychology with current practical advice on course creation, best practices in psychology pedagogy, course content recommendations, teaching methods, and classroom management strategies, advice on student advising, and administrative and professional issues such as managing one's career, chairing the department, organizing the curriculum, and conducting assessment, among other topics. The primary audience for this Handbook is college and university level psychology teachers at both two and four year institutions at the assistant, associate, and full professor levels, as well as department chairs and other psychology program administrators who want to improve teaching and learning within their departments. Faculty members in other social science disciplines, e.g., sociology, education, political science, will find material in the Handbook to be applicable or adaptable to their own programs and courses.

The Sales Burn-out Survival Guide: The Essential Sales Manual for the Modern World Dan Driscoll, 2019-10-22. Author Dan Driscoll's passion has always been business with a focus on sales, which in his opinion determines success or failure in business. But when sales becomes your life, it can sometimes shift from an enjoyable living to one filled with anxiety and pressure. The Sales Burnout Survival Guide is designed to help you feel good about selling again. So much of life is work, and very few people understand what makes work rewarding. Dan has taken wisdom he has gained in the last twenty years of his sales experience and condensed it into an easy-to-read manual. Sales knowledge is essential in all professions in today's ever-changing world, but it can be fun and rewarding as well. Dan can teach you the skills you need for sales in this new social environment. This guide to building a successful and positive career in sales demonstrates how gaining a few simple, learnable skills can protect your income and transform your work life.

Online Social Media Analysis and Visualization Jalal Kawash, 2015-01-14. This edited volume addresses the vast challenges of adapting Online Social Media (OSM) to developing research methods and applications. The topics cover generating realistic social network

topologies awareness of user activities topic and trend generation estimation of user attributes from their social content behavior detection mining social content for common trends identifying and ranking social content sources building friend comprehension tools and many others Each of the ten chapters tackle one or more of these issues by proposing new analysis methods or new visualization techniques or both for famous OSM applications such as Twitter and Facebook This collection of contributed chapters address these challenges Online Social Media has become part of the daily lives of hundreds of millions of users generating an immense amount of social content Addressing the challenges that stem from this wide adaptation of OSM is what makes this book a valuable contribution to the field of social networks
