Facing Evil English Edition:

Beowulf: Facing Page Translation - Second Edition Anonymous, 2012-10-25 R M Liuzza's translation of Beowulf first published by Broadview in 1999 has been widely praised for its accuracy and beauty. The facing page translation is accompanied in this edition by genealogical charts, historical summaries, and a glossary of proper names. Historical appendices include related legends, stories, and religious writings from both Christian and Anglo-Saxon traditions. These texts help readers to see Beowulf as an exploration of the politics of kingship and the psychology of heroism and as an early English meditation on the bridges and chasms between the pagan past and the Christian present. Appendices also include a generous sample of other modern translations of Beowulf, shedding light on the process of translating the poem. This new edition features an updated introduction and an expanded section of material on Christianity and paganism. Hitler's Face Claudia Schmolders, 2006 In Hitler's Face, Claudia Schmolders reverses the normal protocol of biography; instead of using visual representations as illustrations of a life, she takes visuality as her point of departure to track Adolf Hitler from his first arrival in Munich as a nattily dressed young man to his end in a Berlin bunker and beyond. Perhaps never before had the image of a political leader been so carefully engineered and manipulated, so broadly disseminated as was Hitler's in a new age of mechanical reproduction. There are no extant photographs of him visiting a concentration camp or standing next to a corpse or even with a gun in his hand. If contemporary caricatures spoke to the calamitous thoughts, projects, and actions of the man, officially sanctioned photographs, paintings, sculptures, and film overwhelmingly projected him as an impassioned orator or heroically isolated figure. Schmolders demonstrates how the adulation of Hitler's face stands at the conjunction of one line stretching back to the eighteenth-century belief that character could be read in the contours of the head and another dating back to the late nineteenth-century quest to sanctify German greatness in a gallery of national heroes. In Nazi ideology, nationalism was conjoined to a forceful belief in the determinative power of physiognomy. The mad veneration of the idealized German face in all its various aspects and the fanatical devotion to Hitler's face in particular was but one component of a project that also encouraged the ceaseless contemplation of supposedly degenerate Jewish physical traits to advance its goals.

Fieldnotes from a Depth Psychological Exploration of Evil Robin L. Gordon, 2019-03-01 In Fieldnotes from a Depth Psychological Exploration of Evil, Robin L. Gordon presents an accessible account of an attempt to define and understand the nature of evil. Gordon takes on the role of guide to this confusing land, tying together threads of Jungian theory, philosophy, etymology, neuroscience, and history as we are led on a personal journey of discovery. Gordon begins by analysing what a twelfth-century meeting between Chinggis Khan and Taoist priest Ch'ang Ch'un can tell us about the presence of opposing traits and the nature of evil in human beings. We learn what depth psychology has said about evil and the shadow part of our psyches and examine examples of human behaviour throughout history to understand the etymological, philosophical, and historical understandings and definitions of evil. Gordon's own relationship with her work and the feelings that arise when

researching the psychological framework of Nazi doctors genocide in Rwanda Bosnia and Syria and the functionality of serial killers are interrogated We then return to Chinggis Khan s and Ch ang Ch un s relationship attempting to build a real and practical definition of evil and assessing their dialogues as a metaphor for Jung s views of the transcendent function Fieldnotes from a Depth Psychological Exploration of Evil will be essential reading for academics and students of Jungian and post Jungian studies sociology criminology and philosophy It will also be a key resource for Jungian analysts and psychotherapists interested in the study of evil and its impact on society and the psyche as well as anyone investigating and redefining their own meanings of evil past and present

Facing the Fiend Eva Marta Baillie, 2014-09-25 Satan is not a theological concept but a literary construct Facing the Fiend places the character within a well defined literary tradition Satan is established to be a highly ambiguous figure who plays a central narrative role in a wide variety of texts Acknowledging that the character of the devil is inherently problematic Eva Marta Baillie deftly argues that the Satan of the Christian faith can be best understood phenomenologically through his roles and functions in stories The author goes on to construct a detailed and wide ranging picture of Satan s depictions in literature presented with persuasive flair and a strong command of the subject matter Discourse similarly touches upon wider issues of evil and how it too is best understood in a literary context Facing the Fiend offers an intriguing insight into the cultural representations of Satan making for a thought provoking and engaging read Such a comprehensive study will appeal to those with an academic interest in the relationship between theology and literature as well as to the general reader curious about the portrayal of religion in works of fiction

, **Shadow, Self, Spirit - Revised Edition** Michael Daniels, 2021-09-28 New and enlarged edition Transpersonal Psychology concerns the study of those states and processes in which people experience a deeper sense of who they are or a greater sense of connectedness with others with nature or the spiritual dimension Pioneered by respected researchers such as Jung Maslow and Tart it has nonetheless struggled to find recognition among mainstream scientists Now that is starting to change Dr Michael Daniels teaches the subject as part of a broadly based psychology curriculum and this new and enlarged edition of his book brings together the fruits of his studies over recent years It will be of special value to students and its accessible style will appeal also to all who are interested in the spiritual dimension of human experience The book includes a detailed 38 page glossary of terms and detailed indexes

The Power of Silence Robert Cardinal Sarah, Nicolas Diat, 2017-04-15 In a time when technology penetrates our lives in so many ways and materialism exerts such a powerful influence over us Cardinal Robert Sarah presents a bold book about the strength of silence The modern world generates so much noise he says that seeking moments of silence has become both harder and more necessary than ever before Silence is the indispensable doorway to the divine explains the cardinal in this profound conversation with Nicolas Diat Within the hushed and hallowed walls of the La Grande Chartreuse the famous Carthusian monastery in the French Alps Cardinal Sarah addresses the following questions Can those who do not know silence ever attain truth beauty or love Do not wisdom artistic

vision and devotion spring from silence where the voice of God is heard in the depths of the human heart After the international success of *God or Nothing* Cardinal Sarah seeks to restore to silence its place of honor and importance Silence is more important than any other human work he says for it expresses God The true revolution comes from silence it leads us toward God and others so as to place ourselves humbly and generously at their service

The Earliest English
