AND EXPANDED EDITION

Floor Plans Manual

Friederike Schneider

Floor Plans Manual:

Floor Plan Manual Housing Oliver Heckmann, Friederike Schneider, 2017-10-10 Revised edition of the reference work The Floor Plan Manual Housing has for decades been a seminal work in the field of architecture In its 5th revised and expanded edition approximately 160 international housing projects built after 1945 are documented and analyzed The focus is on exemplary and transferrable projects and on innovative and trendsetting concepts The systematic representation of all projects allows the reader to compare and evaluate various floor plans and to be inspired by the wealth of ideas and strategies for one's own design work The introductory theoretical and historical essays have been newly written or updated and offer a structured overview of the residential housing typology and its development Fifth revised edition with new projects and contributions With upgraded visual appearance and a new key color Access to the content is facilitated by various index functions

Floor Plan Manual Housing Friederike Schneider, 2011 The Floor Plan Manual Housing documents and analyzes 150 international housing projects since 1945 It shows the latest developments in housing and places them in the context of important examples from the past 65 years This manual is distinguished by the typological and conceptual breadth of the projects it presents and by the extensive time period covered by the selection of samples The focus is on projects that are exemplary and transferrable and on concepts that are innovative and trendsetting A new feature a diagram a kind of figure ground plan which accompanies each project illustrates the unique characteristics and spatial qualities of each floor plan

Floor Plan Manual, 2017 This imposing densely packed volume features no less than 62 architectural competitions and 570 project proposals Not just a compilation of floor plans from award winning residential projects in Zurich between 1999 and 2015 it also documents a wide range of innovative floor plan types The designs both challenge and develop established or orthodox layouts while also promoting the examination of unconventional and creative concepts in order to test their suitability and function In this way with its more than 1200 floor plans the compendium invites the reader to discover diverse approaches to envisioning space for living

Floor Plan Manual Oliver Heckmann, Friederike Schneider, 2012-12-13 This housing construction design manual documents and analyzes some 130 international residential structures from the last fifty years From the standardized floor plans of the 1960s to the more individual concepts of the 1980s and the changed requirements and housing types of recent years example structures by famous and lesser known architects from throughout the world showcase the tremendous variety of possible designs The categorization of projects from a town planning perspective is supplemented by the detailed typological description of the relevant housing types Every project is presented with its typical floor plans to a scale of 1:200 sections site plans and photographs illuminate each building's structure and situation In addition to incorporating some forty new projects this new edition now contains figure ground diagrams that highlight the most salient features of the floor plans making them even easier to compare

Floor plan manual housing Friederike Schneider, 2004-01-01 A classic updated and extended the new
