Muscle Car Special Editions Duncan Scott Brown,2021-08-15 Get one before one gets you Motion Performance s catchy sales pitch for builder Joel Rosen s Phase III Specialty Muscle Cars sums up the escalating performance scene in the late 1960s Special edition muscle cars were essential to keep pace Joel and other independent car builders such as Carroll Shelby George Hurst Dick Harrell Mr Norm and Jim Wangers did what the factories couldn t do take the muscle car and turn it into a tire burning monster Although the Pontiac GTO established the muscle car category in 1964 a host of corporate safety restrictions restrained factories from offering turn key race cars off the showroom floor Independent car builders enhanced appearance and amplified performance in an attempt to do what the manufacturers wouldn t Motion Performance issued a written guarantee Phase III cars would run 11 5 at 120 mph down the quarter mile Some of the most iconic nameplates in automotive history were applied in this era with names that included Cheetah Black Panther Royal Bobcat Super Hugger Manta Ray Super Snake Deuce Fast Track and The Machine How did manufacturers stealthily promote these special edition muscle cars as halo cars while pretending not to endorse them What happened to these innovators when factories assimilated their ideas It s all covered inside Muscle car historian Duncan Brown takes us through these special edition muscle cars their creators and the behind the scenes forces that shaped these wild beasts into legends that left a lasting legacy **Kar-Kraft** Charlie Henry,2017-06-15 The story of Kar Kraft began as did many others in the automotive

industry with an axe to grind In 1963 Ford was seriously interested in purchasing Ferrari Ferrari was a legendary brand with considerable success in racing and Ford saw the acquisition as a great way to be instantly successful in the racing arena When Enzo Ferrari realized that Ford would not give him complete control of the racing program he backed out of the deal late in the process Ford had spent millions in vetting and audits which then set in motion a vengeful response against Ferrari The result was the unthinkable Ford beat Ferrari at Le Mans Ford wanted to become competitive quickly but it did not have the race history or resources in house To remedy the situation Ford searched the U K for an independent company to help accelerate its race car development It first settled on Lola Cars and set up Ford Advanced Vehicles Later Ford brought its LeMans effort to the U S and the Kar Kraft relationship was established Although Kar Kraft was technically an independent company it really only had one customer Ford Special Vehicles Kar Kraft s story doesn t begin and end with the GT 40 that took the win away from Ferrari at Le Mans Ford expanded upon the program and organized an all out assault on racing in general Cars were prepared for Trans Am NASCAR NHRA and Can Am competition Street versions of the Boss 429 were assembled under its roof And fabled prototypes including the LID Mustang Boss 302 Maverick and Mach 2C were all assembled in Ford s contracted race shop And then out of the blue its doors closed for good on a cold day in 1970 History tells us that Ford won Le Mans the Daytona 500 and the Trans Am championship But it doesn t tell us how this was accomplished Author Charlie Henry a former Kar Kraft employee has enlisted the help of many of his former co workers to bring you the very first book ever published on Ford s all encompassing special projects facility Kar Kraft p p1 margin 0 0px 0 0px 0 0px font 12 0px Arial
