

The State Department Foreign Affairs Manual (FAM) contains an example of what is NOT local employment: "The clearest legal definition comes from the decision of the Board of Immigration Appeals in Matter of Hira, affirmed by the Attorney General. Hira involved a tailor measuring customers in the United States for suits to be manufactured and shipped from outside the United States. The decision stated that this was an appropriate B-1 activity, because the principal place of business and the actual place of accrual of profits, if any, was in the foreign country."
