

EWS - Year 8 Cooking for others - healthy stir fry

Evaluation

An evaluation is an important part of D&T as it allows you to test your product to see how well it meets the requirements and to analyse your own progress. An evaluation includes testing your product against the specification (list of requirements) and finding out what your customers think. The evaluation is then completed with a written report that explain what went well and how your product and/or yourself could improve.

Assessment

Testing your healthy stir fry - Star Profile

Instructions

- 1: Using your design and ingredients, write 6 sentences that describe a perfectly made healthy stir fry . If you get stuck I have some clues to help you!
- 2: Check your final healthy stir fry against each of the evaluation statements. How well did you do?
- 3: Give your healthy stir fry a mark out of 5 for each statement (1=poor 5=excellent).
- 4: Record your marks on the star profile (use the example to help you)
- 5: Ask those who tried your healthy stir fry to evaluate it using the same statements and record their results in a different colour.

A star profile evaluation form consisting of a central point with six lines radiating outwards to form a star shape. Each line has tick marks at intervals. The top vertical line is labeled with the numbers 1, 2, 3, 4, and 5 from bottom to top. At the end of each of the six lines is a rectangular box for recording a mark. The lines are positioned at approximately 0, 30, 60, 90, 120, and 150 degrees from the top.
