The Ultimate Off-Road Driver's Guide. Dave Logan, 2022-03-23. When you take your four-wheel drive 4WD truck or SUV off road, there is a whole new world to see and experience. The off-road community is huge and welcoming, and there are lifestyle shows to attend and trail driving events to experience. With seat time and practice, your technical skills will improve. However, do you really want to head into the forest blindfolded? Driving off road requires much more attention, skills, discipline, and preparation than merely driving around obstacles. Being fully armed with information regarding the most updated techniques is critical for today's motorized off-road driving enthusiast. *The Ultimate Off Road Driver's Guide* covers topics about what to bring along for a trail ride and how to interact with other trail users. This book covers the various 4WD systems and how they work, how to drive on various terrain (mud, sand, snow, and rocks) and what to do when encountering each of those elements. An entire chapter is devoted to getting unstuck. Covered also are ways to communicate when you lose cellular phone coverage, as well as navigation options so that you don't end up lost and on the local news channel. This book is mandatory preparation for your off-road toolbox.

The Women's Guide to Triathlon. USA Triathlon, 2015-05-21. *The Women's Guide to Triathlon* presents female-specific training techniques and equipment for triathlon. Guided by the USAT Women's Committee, whose goal is to encourage women's participation in the sport, 20 of the sport's top female coaches and athletes offer their winning advice.

The Nonrunner's Marathon Guide for Women. Dawn Dais, 2019-09-10. Anyone can run a marathon. Dawn Dais makes it a little more bearable and a lot more fun. Dawn Dais hated running. And it didn't like her much either. Her fitness routine consisted of avoiding the stairs in her own house because who really has the energy to climb stairs? It was with this exercise philosophy firmly in place that she set off to complete a marathon. *The Nonrunner's Marathon Guide for Women* is the ideal training manual for women who don't believe that running is their biological destiny but who dream of crossing the finish line nonetheless. *Nonrunners* offers a realistic training schedule and is chock full of how-to's and funny observations which she felt were lacking in the guides she had consulted. She also integrates entries from her journal, sharing everything would be marathoners need to know about: the gear, the blisters, the early morning workouts, the late night carb binges, and most important of all, the amazing rewards. Running may not seem like a friendly endeavor, but with Dawn Dais, you can tame the beast and hit the marathon trail.
