A Cognitive Psychology of Mass Communication Fred W. Sanborn, Richard Jackson Harris, 2019-01-15 In a constantly changing media landscape A Cognitive Psychology of Mass Communication is the go to text for any course that examines mass communication from a psychological perspective Now in its seventh edition the book continues its exploration of how our experiences with media affect the way we acquire and process knowledge about the world and how this knowledge influences our attitudes and behavior Updates include end of chapter suggestions for further reading new research and examples for a more global perspective as well as an added emphasis on the power of social media in affecting our perceptions of reality and ourselves While including real world examples the book also integrates psychology and communication theory along with reviews of the most up to date research The text covers a diversity of media forms and issues ranging from commonly discussed topics such as politics sex and violence to lesser studied topics such as emotions and prosocial media Readers will be challenged to become more sensitized and to think more deeply about their own media use as they explore research on behavior and media effects Written in an engaging readable style the text is appropriate for graduate or undergraduate audiences The accompanying companion website also includes resources for both instructors and students For students Chapter outlines and review questions Useful links For instructors Guidelines for in class discussions Sample syllabus Summaries Please visit www.routledge.com/cw/sanborn

Entertainment Media and Communication Nicholas David Bowman, 2024-10-21 Although not considered a formal area of study scholarship on the uses content and effects of entertaining media has been central to communication studies and related fields for more than a century The serious study of entertainment seems paradoxical as we presume entertainment to be the lighter side of our daily lives Yet as revealed in this volume entertainment media serve as cultural artifacts that shape our understandings of various peoples and publics in ways that invite deeper immersive and increasingly interactive engagement On this backdrop Entertainment Media and Communication serves as a reference guide for canonical and foundational research into media entertainment and a collection of emerging and updated theories and models core to the study of media entertainment in the 21st century Across more than forty chapters and with a diverse and inclusive list of authors this volume provides a broad yet nuanced view into entertainment media and communication scholarship The contributors explore its foundations define and extend key

concepts and theories through myriad lenses discuss unique considerations of digital media and divine future paths for scholarly inquiry

Emotional Practice in Old English Literature Alice Jorgensen, 2024 An examination of how emotions were practised and performed through Old English texts Scholarship is increasingly interested in investigating concepts of emotion found in Old English literature This study takes the next step arguing that both heroic and religious texts were vehicles for emotional practice that is for doing things with emotion Using case studies from heroic poetry Beowulf The Battle of Brunanburh and The Battle of Maldon religious poetry Christ I and Christ III and homilies selections from the Vercelli Book Blickling Homilies and the works of Wulfstan it shows via detailed close readings that texts could be used to act out emotional styles manage the emotions arising from specific events and negotiate relationships both within social groups and with God Meanwhile a chapter on the Old English Boethius explores how the control of unruly emotions is theorized as the transfer of attachment from the things of this world to the things of the divine Overall the volume offers new angles on the social functions of genres and questions of reception and performance and it gives insight into how early medieval people used emotions to relate to their world temporal and eternal
