Recipes for Reading Anne Bower, 1997 The community cookbook is a familiar item in many kitchens Usually compiled by women and sold to raise funds for a charitable cause these collections of recipes may seem to be utilitarian objects that exhibit little if any narrative interest But this is hardly the case In Recipes for Reading scholars from a variety of disciplines examine community cookbooks as complex texts deserving serious study The contributors contend that such cookbooks have stories to tell about the lives and values of the women who wrote them stories that are autobiographical in most cases historical in some and fictive in others

Squeaky Clean Keto Mellissa Sevigny, 2020-06-16 Squeaky Clean Keto marries the principles of clean eating with the ketogenic diet resulting in reduced inflammation faster weight loss and better overall health It provides readers with the methods and principles of squeaky clean keto no grains dairy alcohol sweeteners or nuts 30 days of easy to follow meal plans and over 130 delicious recipes that are big on flavor and will appeal to even the pickiest of eaters This book will help readers lose weight feel healthier and identify whether or not certain common allergens are hindering their progress all while eating an abundance of delicious foods that the entire family can enjoy Squeaky Clean

Keto makes weight loss on keto almost effortless even for people who are self proclaimed slow losers Food intolerances and inflammation caused by common keto foods like dairy nuts and sweeteners can slow weight loss so when those things are completely removed from the diet many see rapid results that they weren't getting on regular keto After 30 days of squeaky clean keto slowly reintroducing the potentially offending foods can shine a light on which foods may have been stalling weight loss With this information in hand readers can decide to limit or omit those foods completely moving forward for a fully customized approach to the keto diet

On Food David Schildberger, 2023-06-19 Free thinking unconstrained by facts The book is based on the thesis that we live in a world of abundance full of natural riches and cultural artifacts full of human intellect and powerful technologies Our thinking however is dominated by the opposite the notion of scarcity The limits of nature act as an inevitable necessity In his book David Schildberger adopts a novel approach to the subject of resources with the help of intelligent instruments that introduce new foods such as chocolate made from cocoa cell cultures and even a fruit bearing vine raised far from a vineyard With his imagined scenarios the author invites the reader to dare stretch their intellectual imaginations and ultimately presents nature as a contingent Conceptual models on the subject of nature and alternative ways of producing food Recommended reading for architectural IT specialists New volume in the Applied Virtuality Book Series
