**Girl Scouts of the United States of
America**

International Girl Guide Games:

Tales from Life Borry Porter, 2014-11-07 This is the third foray into the author's life experiences. Readers are again introduced to her family and friends and she works through further memories to bring chaos back to the page. This time Borry remembers family parties, sex-crazed gatecrashers and Party Sevens. She remembers her Brownie packs, Father Christmas and an over-sexy Christmas Fairy who upset all of the mothers at a PTA Christmas Fayre. Not all of these Tales are light-hearted when violence rears its ugly head, often ending in tears, but we end with UFOs, ghosties and things that go bump in the night. Come see its fun. Again.

Gaming Sexism Amanda C. Cote, 2020-09-01 Interviews with female gamers about structural sexism across the gaming landscape. When the Nintendo Wii was released in 2006 it ushered forward a new era of casual gaming in which video games appealed to not just the stereotypical hardcore male gamer but also to a much broader, more diverse audience. However, the GamerGate controversy six years later and other similar public incidents since laid bare the internalized misogyny and gender stereotypes in the gaming community. Today even as women make up nearly half of all gamers, sexist assumptions about the what and how of women's gaming are more actively enforced. In *Gaming Sexism*, Amanda C. Cote explores the video game industry and its players to explain this contradiction: how it affects female gamers and what it means in terms of power and gender equality. Across in-depth interviews with women-identified gamers, Cote delves into the conflict between diversification and resistance to understand their impact on gaming, both casual and core alike. From video game magazines to male reactions to female opponents, she explores the shifting expectations about who gamers are, perceived changes in gaming spaces and the experiences of female gamers amidst this gendered turmoil. While Cote reveals extensive, persistent problems in gaming spaces, she also emphasizes the power of this motivated, marginalized audience and draws on their experiences to explore how structural inequalities in gaming spaces can be overcome. *Gaming Sexism* is a well-timed investigation of equality, power and control over the future of technology.

Games of Empire Nick Dyer-Witheford, Greig De Peuter, 2009 Introduction Games in the age of empire. Game engine, labor, capital, machine. Immaterial labor, a worker's history of videogaming. Cognitive capitalism, electronic arts. Machinic subjects, the XBOX and its rivals. Gameplay, virtual, actual. Banal war, full spectrum warrior. Biopower, play world of Warcraft. Imperial city, grand theft auto. New game. Games of multitude. Exodus, the metaverse and the mines.

Learning Directory, 1970

Guiding Modern Girls Kristine Alexander, 2017-11-15 Across the British Empire and the world, the 1920s and 1930s were a time of unprecedented social and cultural change. Girls and young women were at the heart of many of these shifts, which included the aftermath of the First World War, the enfranchisement of women and the rise of the flapper, or Modern Girl. Out of this milieu, the Girl Guide movement emerged as a response to popular concerns about age, gender, race, class and social instability. The British-based Guide movement attracted more than a million members in over forty countries during the interwar years. Its success, however, was neither simple nor straightforward. Using an innovative, multi-sited approach, Kristine Alexander digs

deeper to analyze the ways in which Guiding sought to mold young people in England Canada and India She weaves together a fascinating account that connects the histories of girlhood internationalism and empire while asking how girls and young women understood and responded to Guiding's attempts to lead them toward a service oriented useful feminine future

The Child, 1921 **The Guide for Junior Girl Scout Leaders** Girl Scouts of the United States of America, 1994
