Relinquished Kendrai Meeks, 2017-10-09 A vampire run company Missing werewolves And me caught in the middle I was ready to start a new chapter new city new job and no more supernatural drama But my first day working at WWL Corporation a powerful company run by vampires changes everything Werewolves are disappearing and my undead bosses might know why Secrets are hidden behind polished office doors and what I uncover could destroy the balance between vampires werewolves and hoods for good As if that's not enough Tobias Somfield the werewolf I once saved is now my very unwelcome roommate He broods He growls He pushes every button I have And the worst part I'm starting to want him anyway Relinquished is book two in The Red Chronicles a sharp fast paced urban fantasy series filled with supernatural tension found family dangerous secrets and slow burning romance If Geri doesn't kill him first then yes maybe

Red Chronicles Kendrai Meeks, 2020-05-07 I wasn't supposed to fall in love with a werewolf but he wasn't supposed to break my heart But he did and I can either wallow in misery for the rest of my life or accept that being named after Little Red doesn't mean I have to remake all her mistakes There's a world out there that doesn't know anything about fated mates ancient vampire bloodlines or hoods who magically control silver and have a permanent stick up their butts Or at least the ones in my family do A world where I'm not constantly harangued by my mother to finally become the wolf watcher I was born to be and

assume my rightful place at her side And it s a world I m growing to love with its quirky humans awesome Thai dumplings and total lack of lupines until the night an English werewolf shows up out of the blue and saves my life All Tobias Somfield wants in return is a little help to track down some vampires Only what we discover when we do opens up our eyes to an entirely different kind of destiny One that was laid down centuries ago when a warrior in a red hood and the alpha werewolf who loved her betrayed their own kind creating enemies across the entire supernatural world in the process Or was that really what happened at all and will the truth once revealed save us or lead to our doom And can we find some great kebabs some where along the way The Red Chronicles is a mythpunked urban fantasy series spiked with comedy mystery and yes a little romance along the way Fur up and fly along
