Samples Questions

NWCPHP is available to develop training needs assessments to help public health agencies and partners identify workforce training needs. We have extensive experience working with state and local public health organizations to create training needs assessments, and we can customize our evaluation tools to answer questions of interest. The results of this assessment can be used by public health agencies to strategically develop an effective public health workforce and increase engagement between employees and leadership. Findings can also be used to provide data in support of accreditation requirements.
