Pictures for Language Learning Andrew Wright, 1989-11-16 This richly illustrated book provides a valuable guide to the role of pictures and other visual materials in language teaching. It brings together a wealth of ideas on how to use pictures in a wide range of language learning situations. The first section discusses the contribution visuals can make to all the classroom settings in providing real opportunities for students to communicate whether they are working as a class in groups or in pairs. Sections B and C contain over 200 practical suggestions for picture generated language work. These make use of visual materials which are readily available to teachers anywhere or illustrations which have been kept simple so that they can be copied easily. The activities can be integrated into all stages of the language teaching process and advice is given on how to adapt the ideas to suit different teaching environments. The final section describes the process of setting up a picture library and offers guidance on where to begin looking for visuals, how to categorise pictures and different methods of storage.

Games for Language Learning Andrew Wright, David Betteridge, Michael Buckby, 2006-02-13 This is the third edition of the one of the founding titles of the CHLT series. The book features many of the original games but has also been fully revised to include new games for the ELT classroom. The structure of the book has also been revised so that the games are now grouped in a more teacher friendly format where teachers can search based on language and skill criteria rather than just game type.

Language Learning with Technology Graham Stanley, 2013-04-04 Contains over 130 practical classroom activities suitable for beginners to more advanced learners incorporating a wide range of up to date tools such as mobile technologies and social networking. Page 4 of cover
