Munksgaard E Bog

Michael Parker Pearson, I. J. Thorpe

Munksgaard E Bog:

Mummies around the World Matt Cardin, 2014-11-17 Perfect for school and public libraries this is the only reference book to combine pop culture with science to uncover the mystery behind mummies and the mummification phenomena Mortality and death have always fascinated humankind Civilizations from all over the world have practiced mummification as a means of preserving life after death a ritual which captures the imagination of scientists artists and laypeople alike This comprehensive encyclopedia focuses on all aspects of mummies their ancient and modern history their scientific study their occurrence around the world the religious and cultural beliefs surrounding them and their roles in literary and cinematic entertainment Author and horror guru Matt Cardin brings together 130 original articles written by an international roster of leading scientists and scholars to examine the art science and religious rituals of mummification throughout history Through a combination of factual articles and topical essays this book reviews cultural beliefs about death the afterlife and the interment entombment and cremation of human corpses in places like Egypt Europe Asia and Central and South America Additionally the book covers the phenomenon of natural mummification where environmental conditions result in the spontaneous preservation of human and animal remains

Wet Site Archaeology Barbara A. Purdy, 2018-01-10 This volume the result of an International Conference on Wet Site Archaeology funded by the National Endowment for the Humanities explores the rewards and responsibilities of recovering unique assemblages from water saturated deposits Characteristics common to all archaeological wet sites are identified from Newfoundland to Chile Polynesia to Florida and from the Late Pleistocene to the Twentieth Century Topics include innovative excavation and preservation methods the need for adequate funding to preserve and analyze the abundant biological and cultural remains recovered only at archaeological wet sites expanded knowledge of past environments subsistence technologies artistic expressions skeletal structure and pathologies the urgency to inform developers and governmental bodies about the invisible heritage entombed in wetlands that is often destroyed before it can be investigated a formula for establishing priorities for excavating wet sites and how to determine when enough of a wet site has been sampled Many famous sites and discoveries are described in this volume including Herculaneum Hoko River Hontoon Island Key Marco Monte Verde Ozette Somerset Levels Windover bog bodies of Northern Europe and lake dwellers of Switzerland Professional and amateur archaeologists as well as anyone interested in archaeology or the significance of wet site archaeology will find this book fascinating

The Oxford Handbook of the Archaeology of Ritual and Religion Timothy Insoll, 2011-10-28 The Oxford Handbook of the Archaeology of Ritual and Religion provides a comprehensive overview by period and region of the relevant archaeological material in relation to theory methodology definition and practice Although as the title indicates the focus is upon archaeological investigations of ritual and religion by necessity ideas and evidence from other disciplines are also included among them anthropology ethnography religious studies and history The Handbook covers a global span Africa Asia Australasia Europe and the Americas and

reaches from the earliest prehistory the Lower and Middle Palaeolithic to modern times In addition chapters focus upon relevant themes ranging from landscape to death from taboo to water from gender to rites of passage from ritual to fasting and feasting Written by over sixty specialists renowned in their respective fields the Handbook presents the very best in current scholarship and will serve both as a comprehensive introduction to its subject and as a stimulus to further research

Archaeologies of Remembrance Howard Williams,2012-12-06 How did past communities and individuals remember through social and ritual practices How important were mortuary practices in processes of remembering and forgetting the past This innovative new research work focuses upon identifying strategies of remembrance Evidence can be found in a range of archaeological remains including the adornment and alteration of the body in life and death the production exchange consumption and destruction of material culture the construction use and reuse of monuments and the social ordering of architectural space and the landscape This book shows how in the past as today shared memories are important and defining aspects of social and ritual traditions and the practical actions of dealing with and disposing of the dead can form a central focus for the definition of social memory

Mummies, Disease and Ancient Cultures Thomas Aidan Cockburn,Eve Cockburn,Theodore A. Reyman,1998-04-30 To look upon a mummy is to come face to face with our past This book presents the story of mummification as a practice worldwide Mummies have been found on every continent some deliberately preserved as with the ancient Egyptians using a variety of complex techniques others accidentally by dry baking heat intense cold and ice or by tanning in peat bogs By examining these preserved humans we can get profound insights into the lives health culture and deaths of individuals and populations long gone The first edition of this book was acclaimed as a classic This readable new edition builds on these foundations investigating the fantastic new findings in South America Europe and the Far East It will be a must have volume for anyone working in paleopathology and a fascinating read for all those interested in anthropology archaeology and the history of medicine

The Body as Text Richard C. Poulsen,1996 The Body as Text establishes the importance of cultural readings of the Body Focusing on various bodies that cultures establish in their indigenous dialogues the book moves through readings incorporated by in classical witchcraft Iron age bog people of Northern Europe and pornography

The Hammerum Burial Site Ulla Mannering,Tinna Mobjerg,Lise R  der Knudsen,Hans Rostholm,2019-09-02 The Hammerum Burial Site is the story of a burial site told by more than 20 academics a fascinating combination of different archaeological and scientific studies analyzing individuals objects and context from different angles The site was named after the small modern day town of Hammerum 5 km east of Herning in the central part of Jutland Denmark As early as 1993 the museum investigated this burial site where seven inhumation graves emerged within a small area most of which turned out to be empty of finds Three of the graves did turn out however to contain well preserved organic material so they were removed as block samples in large wooden crates with a view to later excavation Thanks to a grant in 2009 from the Danish Cultural Agency s special pool for the conservation of objects of unique national

importance the ENB pool a collaboration between the museum the Danish National Research Foundation Centre for Textile Research and the Conservation Centre in Vejle began These analyses show that grave 83 known as the Hammerum girls grave was a sensation All that remain of the deceased was her hair and her dress but it was the best preserved Danish Iron Age textile from an inhumation grave Therefore it offers an unique opportunity to analyse an object which in most cases has disappeared The analysis tells us an extraordinarily nuanced archaeological story of daily life and of pan European slow fashion a dress used in everyday life produced by carefully choosing fine fibres which together with the coiffure refers to a style recognizable throughout Europe and worn by a mobile well groomed well connected Iron Age female Moreover the preserved organic material permits us a rare glimpse of the grief of the bereaved We can see how they carefully wrapped the Hammerum Girl in skin and put blueberry twigs under her head before laying her to rest an act of compassion and mourning

Bog Bodies R. C. Turner, Rick C. Turner, Rob G. Scaife, 1995 Archaeology Historical Dictionary of the Gypsies (Romanies) Donald Kenrick, 2007-07-05 Originating in India the Gypsies arrived in Europe around the 14th century spreading not only across the entirety of the continent but also immigrating to the Americas The first Gypsy migration included farmworkers blacksmiths and mercenary soldiers as well as musicians fortune tellers and entertainers At first they were generally welcome as an interesting diversion to the dull routine of that period Soon however they attracted the antagonism of the governing powers as they have continually done throughout the following centuries The second edition of the Historical Dictionary of the Gypsies Romanies seeks to end such prejudice by clarifying the facts about this nomadic people Through a list of acronyms a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on significant persons places events institutions and aspects of culture society economy and politics the history of the Gypsies and their culture is told *The A to Z of the Gypsies (Romanies)* Donald Kenrick, 2010-04-09 The A to Z of the Gypsies Romanies seeks to end such prejudice by clarifying the facts about this nomadic people Through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on significant persons places events institut *Woven into the Earth* Else Ostergaard, 2003-05-01 One of the century s most spectacular archaeological finds occurred in 1921 a year before Howard Carter stumbled upon Tutankhamun s tomb when Poul Norlund recovered dozens of garments from a graveyard in the Norse settlement of Herjolfsnaes Greenland Preserved intact for centuries by the permafrost these mediaeval garments display remarkable similarities to western European costumes of the time Previously such costumes were known only from contemporary illustrations and the Greenland finds provided the world with a close look at how ordinary Europeans dressed in the Middle Ages Fortunately for Norlund s team wood has always been extremely scarce in Greenland and instead of caskets many of the bodies were found swaddled in multiple layers of cast off clothing When he wrote about the excavation later Norlund also described how occasional thaws had permitted crowberry and dwarf willow to establish themselves in the top layers of soil Their roots grew through coffins clothing and corpses alike binding

them together in a vast network of thin fibers as if he wrote the finds had been literally sewn in the earth Eighty years of technical advances and subsequent excavations have greatly added to our understanding of the Herjolfsnaes discoveries Woven into the Earth recounts the dramatic story of Norlund s excavation in the context of other Norse textile finds in Greenland It then describes what the finds tell us about the materials and methods used in making the clothes The weaving and sewing techniques detailed here are surprisingly sophisticated and one can only admire the talent of the women who employed them especially considering the harsh conditions they worked under While Woven into the Earth will be invaluable to students of medieval archaeology Norse society and textile history both lay readers and scholars are sure to find the book s dig narratives and glimpses of life among the last Vikings fascinating

The A to Z of the Gypsies (Romanies) Donald Kenrick,2010-04-09 Originating in India the Gypsies arrived in Europe around the 14th century spreading not only across the entirety of the continent but also immigrating to the Americas The first Gypsy migration included farmworkers blacksmiths and mercenary soldiers as well as musicians fortune tellers and entertainers At first they were generally welcome as an interesting diversion to the dull routine of that period Soon however they attracted the antagonism of the governing powers as they have continually done throughout the following centuries The A to Z of the Gypsies Romanies seeks to end such prejudice by clarifying the facts about this nomadic people Through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on significant persons places events institutions and aspects of culture society economy and politics the history of the Gypsies and their culture is told *International Literary Market Place* ,2001
