mention that there is an evil curse involved Hold On, Someone Is on the Other Line! Darmonica Alexander, 2011-07 The book is about all of my dreams that I had that never came true This book will also give the inside track of what I learned about me in my life as I travel through the journey of life People have always talked about the truth about their life but what about the whole truth the good the bad and the ugly I am just a normal and regular person who is not perfect in no form shape or fashion This book is just an insight of my life with all of the encounters coming from a very large family By coming from a large family today caused many problems for me because I did not realize exactly how poor I was until I began to attend college Not saying that most of our family didn t pull themselves out of their situations Happiness came from the inside of your to come true This book will show that I thought that it was the choices that I made but in the end I found out that it wasn t only the choice but it was other individual choices but it was the decision of my parents that turned my life upside down and on its head From my experience as a child growing up here in America in the 60 s and 70 s life was to have dreams in our small little heads about becoming a fireman sports photographer doctor or even a player playing sports As a child having dreams are the responsibility of the parents to every effort to make their child dreams come true and this will make them successful and most of all very happy with their accomplishments See I love the game of football and other sports as well such as baseball basketball and track and field but football was my favorite The reason that I loved football was my most favorite The reason it was my favorite because on the football field this was where the smaller player could get even with the bigger bullies who wanted to talk trash to some of the small players While I played the game of football in the little Pop Warner Football League I silence the bigger boys without talking trash As this book unfolds you will find out that other people in my life and bad timing played a role in my unsuccessful dreams. Then you will find out that my life was not only my decision alone But on the side of all of this I had a good life and I maintained to stay happiness Now if I had not exposed my life to you many people would never know the pain and hardship that I experienced in my life time I am still the same Darmonica who you have know in the past who love sports and love lending a helping hand where it s needed For the love of life is to love yourself help another and take the worst of life and make the best of it and I did just that Without my family and friends I would not be the person who I am NOW That s why I say Hold on someone is on the other line **One Square** Mile Sheldon Parrish, 2009-08-12 This book is an historical book done from an autobiographical perspective about a small town called Roosevelt NY Located in Nassau County Roosevelt has seen great transition in race culture and economic aspects but still managed to produce such well knowns as Eddie Murphy Julius Dr J Erving Chuck D Public Enemy Gabriel Cassius film star and Producer Steve White Comedian and many others The author has had experiences with all these individuals as well as many others and has a compiled this project to bring those stories and the story of Roosevelt proper to engage readers Please enjoy ONE Square Mile The London .1920 **Behind Ghetto Walls** Lee Rainwater. **SO HELP ME** GOD glimpses and glimmers of life Rosalind E. sohelpmegodrosalind com YouTube link http www youtube com watch v a7e4w6IA82E Rosalind is a survivor of sexual abuse as a child vicious domestic violence bigamy and addiction She candidly takes you to hospitals and courtrooms through the passage ways of single parenting and care giving simultaneously In order to cope with the nightmare of choices taken from her or foolish choices of her own she travels down the road which leads to self destruction This memoir offers readers an intimate look into how one woman struggled with life s seemingly unbearable hairpin curves yet coped with them all through resilience and faith finding redemption amid agony Woven with love and craftily written the author gives insight within the pages of SO HELP ME GOD glimpses and glimmers of life It is an honest account of one woman who within her brokenness and solitude searched for the courage to overcome life s austerity. This is an inspiring true story that intertwines hope forgiveness healing and God's perfect timing into one hard to put down book **Behind Ghetto Walls** Michael Novak, 2017-09-08 This book is about the family lives of some 10 000 children and adults who live in an all Negro public housing project in St Louis The Pruitt Igoe project is only one of the many environments in which urban Negro Americans lived in the 1960s but the character of the family life there shares much with the family life of lower class Negroes as it has been described by other investigators in other cities and at other times in Harlem Chicago New Orleans or Washington D C This book is primarily concerned with private life as it is lived from day to day in a federally built and supported slum The questions which are treated here have to do with the kinds of interpersonal relationships that develop in nuclear families the socialization processes that operate in families as children grow up in a slum environment the informal relationships of children and adolescents and adults with each other and finally the world views the existential framework arising from the life experiences of the Pruitt Igoeans and the ways they make use of this framework to order their experiences and make sense out of them The lives of these persons are examined in terms of life cycles Each child there is born into a constricted world the world of lower class Negro existence and as he grows he is shaped and directed by that existence through the day to day experiences and relationships available to him The crucial transition from child of a family to progenitor of a new family begins in adolescence and for this reason the book pays particular attention to how each new generation of parents expresses the cultural and social structural forces that formed it and continue to constrain its behavior This book in short is about intimate personal life in a particular ghetto setting It does not analyze the larger institutional social structural and ideological forces that provide the social economic and political context in which lower class Negro life is lived These larger macro sociological forces are treated in another volume based on research in the Pruitt Igoe community However this book does draw on the large body of literature on the structural position of Negroes in American society as background for its analysis of Pruitt Igoe private life Christian Advocate, 1910
