Marxism, Psychology and Social Science

Analysis Julian Roche, 2018-06-14 Marxism Psychology and Social Science Analysis applies Marxist theory psychology and the work of Lucien S ve to specific research in the social sciences It shows in practical terms what guidance can be offered for social scientific researchers wanting to incorporate S ve s view of personality into their work Providing case studies drawn from different social sciences that give the book significant breadth of scope Roche reviews the impact of Taking S ve Seriously across the study of international relations theory economics law and moral philosophy The book begins by placing the work of Lucien S ve in context and considers the development of psychology in relation to Marxism before going on to summarise the work of S ve in relation to the psychology of personality It considers the opportunities for refreshed research in social relations based on developments by S ve before examining Marxist biography and the implications of S ve s views The book also includes chapters on the social discount rate on constructivism in international relations on the concept of promising in moral philosophy and the Marxist conception of individual responsibility It addresses not only how research should be carried out differently but whether utilising the theoretical framework of other writers even non Marxists can deliver a similar outcome With its use of five distinct case studies to analyse the work of Lucien S ve this unique book will be of great interest to academics researchers and postgraduate students in the fields of psychology philosophy and social sciences

The Future of English in Asia Michael O'Sullivan, David Huddart, Carmen Lee, 2015-10-05 This collection is unique in bringing together key thinkers on language and literature to discuss the future of English in Asia Many of the contributors are themselves responsible for important sub genres in English linguistics and literary studies and this collection gives them the opportunity to respond to each other directly The different chapters also respond to different contemporary debates and emerging trends and discourses that are hugely important for the future of English language teaching in schools across Asia This volume is also ground breaking in bringing English literary studies and Applied English Linguistics together in the contemporary Asian context The Future of English in Asia includes studies on the following subject areas Cultural Translation in World Englishes Multilingual Education English Futures and the function of Literature

English Literary Studies in Japan and English and Social Media in Asia Well into this century it appears that it is still very difficult to know what to expect when it comes to the future of English The future of English will continue to be determined by complex local contexts As it has in other parts of the world the future of English in Asia will continue to rely on the proliferation of its transformations as much as its hegemonic status This volume reflects the widespread acknowledgement that whatever future English has will inevitably be shaped by its fate in Asia The collection will be a welcome resource for scholars and students of English linguistics English literary studies and topics related to the teaching of English in Asia

Development and Distribution Andy Sumner, 2018-07-03 Since the Second World War surprisingly few developing countries have experienced a truly sustained episode of economic and social convergence towards the structural characteristics of the advanced nations East Asia has exceeded most regions in its achievement of convergence and much has been written on comparative industrialization and development in North East Asia Less discussed is South East Asia and the surprising and inclusive transformation several of its countries has undergone Development and Distribution focuses on South East Asia and more specifically on Malaysia Indonesia and Thailand These three nations have all undergone a major transformation in a way never anticipated from being poor agrarian countries to middle income countries with developed industrial and manufacturing bases How did Malaysia Indonesia and Thailand achieve such a transformation and how did they achieve the transformation with a form of economic growth that was driven by structural transformation but that was inclusive Given that historically it has been thought that structural transformation tends to push up inequality whilst inclusive growth necessitates static or even falling inequality this last point is particularly salient to developing countries Understanding how the transformation was possible in a relatively small space of time the extent to which it was inclusive and the caveats and prospects for South East Asia is thus an area of enquiry significant to all developing countries as they seek economic and social transformation

The Transformation of Enforcement Hans-W. Micklitz, Andrea Wechsler, 2016-04-07 This insightful book considers the phenomenon of the transformation of enforcement in European economic law while adopting a distinct global perspective The editors identify and respond to the need for reflection on transformation processes in the area of enforcement by bringing together the leading international and European scholars in a variety of disciplines to share and compare experiences and learning in different areas of law Rooted in a wide and regulatory understanding of enforcement this book showcases the transformation of enforcement with reference to both European economic law especially transnational commercial law competition law intellectual property law consumer law and to the current context of significant global economic challenges Comparative perspectives facilitate the formation of a holistic perspective on enforcement that reaches beyond distinct theoretical accounts political agendas regulatory systems institutional patterns particular remedies industry sectors and stakeholder perspectives As the first comprehensive and comparative analysis of the enforcement of European economic law that reaches beyond closely confined areas of law it constitutes a crucial contribution to the theoretical and policy questions of how to design a coherent European enforcement architecture in accordance with essential principles and objectives of the EU economic order This unique study will have broad appeal By exploring enforcement transformations from a legal and a cross disciplinary perspective it will be essential reading for scholars practitioners and policymakers from different disciplines

The Routledge Companion to Libertarianism Matt Zwolinski, Benjamin Ferguson, 2022-04-28 Have you ever wondered what libertarians think about vaccine mandates About gun control About racial and sexual inequalities While libertarianism is well known as a political theory relating to the scope and justification of state authority the breadth and depth of libertarian work on a wide range of other topics in social and political philosophy is less well known This handbook is the first definitive reference on libertarianism that offers an in depth survey of the central ideas from across philosophy politics and economics including applications to contemporary policy issues The forty chapters in this work provide an encyclopedic overview of libertarian scholarship from foundational debates about natural rights theories vs utilitarian approaches to policy debates over immigration punishment and policing and intellectual property Each chapter presents a comprehensive and up to date overview of historical and contemporary libertarian thought on its subject and thus serves as an essential guide to current scholarship and a starting place for discovering future lines of research The book also contains a section on criticisms of libertarianism written by leading scholars from the feminist republican socialist and conservative perspectives as well as a section on how libertarian political theory relates to various schools of economic thought such as the Chicago Austrian Bloomington and Public Choice schools This book is an essential and comprehensive guide for anyone interested in libertarianism whether sympathizer or

critic Economics and Other Branches - In the Shade of the Oak Tree François Allisson, Roberto Baranzini, 2015-10-06
Pascal Bridel held the Chair of Economics at the University of Lausanne and is founder of the Centre Walras Pareto This major essay collection reflects his wide range of interests and his seminal contributions to economic theory It is the work of more than thirty of the most senior scholars of economics working today **Handbook of Research Methods and Applications in Empirical Microeconomics** Hashimzade, Nigar, Thornton, Michael A., 2021-11-18 Written in a comprehensive yet accessible style this Handbook introduces readers to a range of modern empirical methods with applications in microeconomics illustrating how to use two of the most popular software packages Stata and R in microeconomic applications **Study Gods** Yi-Lin Chiang, 2022-08-23 How privileged adolescents in China acquire status and why this helps them succeed Study Gods offers a rare look at the ways privileged youth in China prepare themselves to join the ranks of the global elite Yi Lin Chiang shows how these competitive Chinese high schoolers first become study gods xueshen a term describing academically high performing students Constant studying however is not what explains their success for these young people appear god like in their effortless abilities to excel Instead Chiang explores how elite adolescents achieve by absorbing and implementing the rules surrounding status Drawing from eight years of fieldwork and extensive interviews Chiang reveals the important lessons that Chinese youth learn in their pursuit of elite status They understand the hierarchy of the status system recognizing and acquiring the characteristics that are prized while avoiding those that are not They maintain status by expecting differential treatment and performing status based behaviors which guide their daily interactions with peers teachers and parents Lastly with the help of resourceful parents they rely on external assistance in the face of potential obstacles and failures Chiang looks at how students hone these skills applying them as they head to colleges and careers around the world and in their relationships with colleagues and supervisors Highlighting another facet of China's rising power Study Gods announces the arrival of a new generation to the realm of global competition *Labour and Economic Change in Southern Africa c.1900-2000* Rory Pilossof, Andrew Cohen, 2021-06-03 This book explores the social and economic development of Zimbabwe Zambia and Malawi over the course of the twentieth century These three countries have long shared and interconnected pasts All three were drawn into the British Empire at a similar time and the formation of the ill fated Federation of Rhodesia and Nyasaland formally linked these countries together for a decade in the mid twentieth century This formal political relationship created dynamics that resulted in yet closer economic and social links After Federation the economic realities of industry transport and labour supplies meant that these three countries continued to be intricately interconnected Yet despite these connected pasts comparative work on the economic histories of Malawi Zambia and Zimbabwe and how these change over time is rare This book addresses the gap by providing the first comprehensive collection of labour and census data across the twentieth century for these three countries The different economic models and performances of these states offer good comparison allowing

researchers to look at different models of development and how these played out over the long term The book provides data on population growth and change industrial and occupational structure and the various shifts in what the economically active population did It will be useful for historians economists development studies scholars and non governmental organisations working on twentieth century and contemporary southern Africa Marx in the Field Alessandra Mezzadri, 2021-02-15 Marx in the Field is a unique edited collection illustrating the relevance of the Marxian method to study contemporary capitalism and the global development process Essays in the collection bring Marx to the field in three ways They illustrate how Marxian categories can be concretely deployed for field research in the global economy they analyse how these categories may be adapted during fieldwork and they discuss data collection methods supporting Marxian analysis Crucially many of the contributions expand the scope of Marxian analysis by combining its insights with those of other intellectual traditions including radical feminisms critical realism and postcolonial studies The book defines the possibilities and challenges of fieldwork guided by Marxian analysis including those emerging from the COVID 19 pandemic The collection takes a global approach to the study of development and of contemporary capitalism While some essays focus on themes and geographical areas of long term concern for international development like informal or rural poverty and work across South Asia Southern and West Africa or South America others focus instead on actors benefitting from the development process like regional exporters larger farmers and traders or on unequal socio economic outcomes across richer and emerging economies and regions including Gulf countries North America Southern Europe or Post Soviet Central and Eastern Europe Some essays explore global processes cutting across the world economy connecting multiple regions actors and inequalities While some of the contributions focus on classic Marxian tropes in the study of contemporary capitalism like class labour and working conditions agrarian change or global commodity chains and prices others aim at demonstrating the relevance of the Marxian method beyond its traditional boundaries for instance for exploring the interplays between food nutrition and poverty the links between social reproduction gender and homework the features of migration and refugees regimes tribal chieftaincy structures or prison labour or the dynamics structuring global surrogacy Overall through the analysis of an extremely varied set of concrete settings and cases this book illustrates the extraordinary insights we can gain by bringing Marx in the field

Breaking the Poverty Code Yedith Betzabé Guillén-Fernández, 2023-07-24 Transcending the Mexican context this book fuses the importance of statistical data with the lived realities of impoverished people everywhere **Handbook of Research in Educational Communications and Technology** M. J. Bishop, Elizabeth Boling, Jan Elen, Vanessa Svihla, 2020-09-21 The 5th edition of the prestigious AECT Handbook continues previous efforts to reach outside the traditional instructional design and technology community to the learning sciences and computer information systems communities toward developing a conceptualization of the field However given the pervasive and increasingly complex role technology now plays in education since the 1st edition of the Handbook in 1996 the editors have reorganized the research

chapters in this edition to focus on the learning problems we are trying to solve with educational technologies rather than to focus on the things we are using to solve those problems Additionally for the first time this edition of the Handbook reflects our field's growing understanding of the importance of design scholarship to inform practice by including design case chapters These changes for this edition of the Handbook are intended to bring educational technology research into the broader framework of educational research by elaborating on the role instructional design and technology plays as a scholarly discipline in addressing education's increasingly complex issues Provides comprehensive reviews of new developments in educational technology research and design practice Includes concrete examples to guide future research and practice in the ways emerging technologies can be used to solve educational problems Contains extensive references furnished to guide readers to the most recent research and design practice in the field of instructional design and technology

Indian Capitalism in Development Barbara Harriss-White, Judith Heyer, 2014-10-10 Recognising the different ways that capitalism is theorised this book explores various aspects of contemporary capitalism in India Using field research at a local level to engage with larger issues it raises questions about the varieties and processes of capitalism and about the different roles played by the state With its focus on India the book demonstrates the continuing relevance of the comparative political economy of development for the analysis of contemporary capitalism Beginning with an exploration of capitalism in agriculture and rural development it goes on to discuss rural labour small town entrepreneurs and technical change and competition in rural and urban manufacturing highlighting the relationships between agricultural and non agricultural firms and employment An analysis of processes of commodification and their interaction with uncommodified areas of the economy makes use of the knowledge economy as a case study Other chapters look at the political economy of energy as a driver of accumulation in contradiction with both capital and labour and at how the political economy of policy processes regulating energy highlights the fragmentary nature of the Indian state Finally a chapter on the processes and agencies involved in the export of wealth argues that this plays a crucial role in concealing the exploitation of labour in India Bringing together scholars who have engaged with classical political economy to advance the understanding of contemporary capitalism in South Asia and distinctive in its use of an interdisciplinary political economy approach the book will be of interest to students and scholars of South Asian Politics Political Economy and Development Studies
