these churches Greenhouses of Hope A Greenhouse of Hope is a Christian congregation freeing itself to experiment with both newly imagined and time honored ways of following the path of Jesus Its members respond to God s love through practices that genuinely embrace the gifts of youth and young adults Out of these greenhouses emerge young leaders who want to change the world In Greenhouses of Hope Dori Baker and six contributors tell the stories of these remarkable congregations helping others think about how they can create space for the dreams of young people to be grafted into God s dreams for the world

**Body Connections** Michael S. Koppel,2021-08-03 A new articulation of pastoral theology care and counseling Too often we think and teach in ways that reinforce a mind body split This can lead people to self alienation impeding holistic healthy relationships between people God and each other Body Connections takes a different approach teaching us to see the connections between our embodied experience and faithful spiritual care Author Michael Koppel focuses on the human body and its relationship to faith and spiritual care He engages religious texts and traditions as well as scientific insights offering accessible theology and spiritual practices for healing and care of the body Our bodies are amazing resources but we are too often unaware of their power or unable to harness it in helpful ways for our own good This remarkable book empowers pastors counselors chaplains seminarians and caregivers to understand and provide the ministry of care in an entirely new life giving way This book is highly useful for individuals and groups It is for clergy chaplains spiritual directors seminarians clinical educators lay people in churches and those who are institutionally unaffiliated but care deeply about fostering a holistic spiritual path Praise for Body Connections Everything we think feel and do comes through the body But practices of spiritual care tend to downplay the body as a source of knowledge and a tool for responding to others and to God Koppel s book reclaims that wisdom coaching us to strengthen our abilities to read listen and think with the body I can t wait to teach this practical wise and convicting book which addresses embodied emotion grief silence trauma and more Koppel s seasoned pastoral voice offers a rich synthesis of sources and insights that demonstrate the body s place at the center of ministry Duane Bidwell professor of practical theology spiritual care and counseling Claremont School of Theology Claremont CA Body Connections provides new insights into the voice and language of the body Koppel crafts a body theology that encourages spiritual care practitioners to be proactive in their spiritual practices of listening adapting and responding to our bodies and to the bodies of those to whom we offer care Using the image of body as storyteller and other metaphors Koppel captures and defines the healing power of

the body in clear and profound ways Bishop Teresa Jefferson Snorton D Min Presiding Bishop Fifth Episcopal District The CME Church Michael Koppel returns the body to its rightful place at the center of each person's story and the center of the Christian story He calls readers home to their bodies and gently challenges escapes from the body into hasty fixing detached rationalizing anxious dithering or addictive numbing At a time when the COVID pandemic has underscored the vulnerability of bodies Koppel's focused healing deep body consciousness paints a portrait of health far beyond mere absence of disease Don't just read this book absorb it practice it and let it heal you Douglas M Thorpe PhD is Executive Director of the Virginia Institute of Pastoral Care and a past president of the American Association of Pastoral Counselors It is surprisingly difficult even confusing to have a body to be a body to touch talk and listen to even read a sensing body to honor and restore the body's wounds traumas and shame while celebrating its healing and resilience Koppel is a wise guide and caregiver for those seeking to embrace the sacredness of a human body and its unique story Body Connections empowers a reader to discover body knowledge anew It deepens trust in the most intimate relationship one has the relationship with one's body Jaco J Hamman professor of religion psychology and culture and director of the Program in Theology and Practice Vanderbilt University Nashville TN

Introducing Practical Theology Pete Ward, 2017-10-17 This introduction to the field of practical theology reclaims a theological vision for the life and work of the church Pete Ward dispels the myth that practical theology is a distraction from the real tasks of ministry or from serious academic theological work He argues that practical theology is part of the everyday life of the church and that there are a variety of possible approaches helping readers evaluate the approach that is most appropriate to their ministerial context and

theological tradition This reliable accessible resource will work well for those in training or in ministry **The Fruits of Listening** Colleen C. B. Weaver, 2024-10-31 Theological seminaries and Bible institutes find themselves at the crossroads of preserving biblical faithfulness and of maintaining contextual relevance What does faithful contextual relevance look like How can theological institutions steer a course that will engage and serve the church through the men and women they equip for ministry and service In pursuit of answers to those questions a qualitative research project was designed and conducted in the Protestant evangelical community in Madrid Spain It presented a unique situation where seminary faculty and students and church attenders could be invited to share their perspectives experiences and hopes for transformative theological education Congregants offered a vision of theological education that equips leaders to relationally empower the church to give witness in the society Intentional listening was prioritized on three seminary campuses where faculty and students shared their stories of theological formation and described the unique contextual challenges they face as Protestant believers in Spain They voiced narratives of how they must find ways to persevere amid pervasive scarcity and in a rapidly changing society Seminaries and churches around the world may recognize details of their own experiences in these stories and importantly receive resources for relevant contextualization in this work
