Etsy Bookkeeping Made Easy Nick Vulich, 2014 Do you want to make more money selling on Etsy I've been selling online for fifteen years now During that time I've learned a lot about bookkeeping business permits and taxes During that same time I managed to save thousands of dollars in taxes by saving my receipts and keeping good records And so here's the deal Did you know Etsy has an app that can automatically import all of your sales fees and other information and crunch the numbers to show whether you're making a profit or loss Did you know that same app will also import all of your information from eBay and Amazon if you sell on those platforms What would you say if I told you that you could save 500 or more on your taxes every year just by writing down the mileage when you head to the post office store or bank And you'd probably think I was crazy if I told you that you could deduct parts of your next vacation from your taxes It seems hard to believe doesn't it The last thing I need to tell you is I'm not a bookkeeper or tax professional I didn't study accounting in school but I've kept my own books for fifteen years I completed my taxes by myself and had them reviewed for accuracy by a professional The advice in this little book can easily save you thousands of dollars every year The question you need to ask yourself is is it worth \$3.99 to save thousands of dollars on your taxes
