Johansen, 1996-05-14 For more than a decade scholars have debated the question of whether American Indian confederacies primarily the Iroquois helped influence the formation of U S basic law The idea has sparked lively debate in the public arena as well with Canadian diplomat Durling Voyce Jones contending it shows a paradigm shift in our thinking Patrick Buchanan calling it idiocy and George Will saying it is fiction For the first time this bibliography brings together some 450 citations on the debate The work describes the debate in the words of one of its major participants Bruce E Johansen author of three other books on the subject The bibliography also takes the reader back to suggestions of the idea long before the contemporary debate Lakota author Charles Eastman brought up the subject in 1919 Mohawk teacher Ray Fadden developed it in the 1940s and John F Kennedy touched on it in 1960 Bringing the debate to its full flower in the present day the bibliography illustrates both fervent support and equally emphatic denial in the academy and the public press The book is both a scholarly tool and a lively exploration of issues bearing on the study of history and multiculturalism
